GULF INSURED BUDGET PLAN OFFER

GULF SOLAR HEAT HEATING OIL SERVICE
(HOUSEHOLD REQUIREMENTS)

NOW! Group Creditors Life Insurance—Your Family's Heating Oil Requirements for the coming season Insured by Our Budget Plan.

Gulf is always seeking new ways to make oil heating more carefree, effortless, convenient and dependable. One big convenience that thousands of Gulf customers have enjoyed for years is the Gulf Solar Heat Budget Plan by which the larger mid-winter bills are eliminated: the customer pays for a year's heating requirements in nine moderate equal monthly payments.

Now, Gulf has added a wonderful peace-of-mind feature to that plan: Group Creditors LIFE INSURANCE. It is available to every budget balance.

The customer's estimated total heating bill for a normal season—September 1 to the end of August—divided into nine (9) equal payments which become due monthly—September 1957 through May 1958, inclusive.

To the end of the season if the customer has paid for more fuel than delivered, he will receive a prompt refund. If he has burned more oil than anticipated, he will be billed for the balance.

Group Creditors Life Insurance becomes effective upon the first Budget payment. Should the insured die during the Budget payment period, and provided his account is current, Gulf will cancel all payments remaining and supply the balance of his family's heating oil requirements for the season at the same residence without charge.

There is absolutely no extra charge to the customer for this outstanding insurance protection, and no medical examination is required. Gulf pays all premiums involved under a special policy arranged with the Connecticut General Life Insurance Company.

HERE'S HOW IT WORKS:

Group Creditors Life Insurance becomes effective upon the first Budget payment. Should the insured die during the Budget payment period, and provided his account is current, Gulf will cancel all payments remaining and supply the balance of his family's heating oil requirements for the season at the same residence without charge.

IN SHORT—HERE'S WHAT IT MEANS TO YOU!

• moderate equal monthly payments
• no big mid-winter heating bills
• no interest, no carrying charge, no hidden charges whatsoever
• highest quality fuel oil at regular price
• your tank filled automatically as needed

—plus—

• Group Creditors LIFE INSURANCE at no extra cost to you.

To the advantage of this offer, just complete the simple Insured Budget Plan Acceptance Form and mail it. The life insurance will become effective on the date of your September 1957 payment, or whenever you make your first monthly payment, whichever is later.

The Group Creditors Life Insurance protection feature is available only to customers under 65 years of age.
