### Rural Mail Box Improvement Program Planned

The Annual Rural Mail Box Improvement Program will be observed for two weeks starting June 3. Local Postmaster Henry Trombley disclosed:

The program this year has been broadened to include boxes on certain types of suburban "mounted" routes where the householder's box is close to the curb and is served by a carrier mounted on a vehicle. Some points that will be stressed during the Rural Mail Box Improvement Program this year will include:

1. Where boxes are improperly erected or in unserviceable condition, patrons will be encouraged to provide suitable receptacles, erected and maintained for easy and safe accessibility, presenting a neat appearance, and affording protection to the mail.
2. Box holders will be urged to paint their boxes and box supports where needed.
3. Box owners will be urged to inscribe their names clearly on that side of the box which is clearly visible to the carrier as he approaches, if they have not already done so.

The proper side of the road for the box is on the right in the direction the carrier drives when covering his route, unless the locality is such that it does not present a hazard or a violation of law for the carrier to cross to the left side of the road to make the delivery.

On "mounted" routes boxes should be erected so that the bottom of the box will be 3' to 4 feet above the roadway. Also, of course, they should provide proper protection for the mail against the weather.

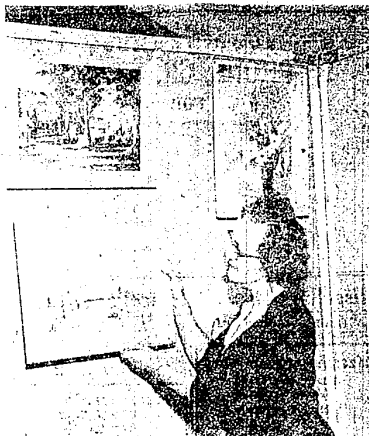

Postmaster Trombley indicated that both he and the various local carriers were well pleased with the cooperation extended by patrons last year and expressed hope that the same cooperation would be extended this year.

### Convalescent Home Visits To Be Continued

Members of the Women's Mission Society of the Bethel Baptist Church voted unanimously recently to continue their project of visiting patients at various convalescent homes in the area.

Society members started making visits each Thursday afternoon about two years ago to the Whitehall Convalescent Home and the Novi Convalescent Home and last fall added visits to the new Whitehall Home on Ten Mile Road.

Women of the Society visit with patients, lead them in singing hymns, give devotional readings and recite prayers.

Plans are now being made by the Mission Society for their next monthly meeting to be held June 6 at 8 p.m. A speaker from the Detroit Bible Institute will give a talk and show slides on British Honduras.

It was indicated that Reverend Philip Somers, public relations worker for the Detroit Bible Institute, will be guest speaker at both church services at Bethel Baptist on Sunday, June 2.
