Do you know why the center suit sign on the Ace of Spades is always larger than the other aces in a deck of cards? During the eighteenth century, the English government required card manufacturers to submit the Ace of Spades to show that a tax was paid. In lieu of a tax stamp, the engraver created such an elaborate center scroll that this card came to be known as "Old Frizzle."

"WEARINESS WITHOUT CAUSE INDICATES DISEASE" = (Author's Name Below)

To be tired after exertion is normal, but to be always weary is a symptom of possible future trouble. If this condition persists it is wise to consult your physician. Do not depend on self-treatment or advice from well meaning, but inexperienced friends.

Most of the medicines your physician prescribes can only be dispensed by us in a prescription because their potency and strength requires that they he taken only while under a physician's care. That is why prescriptions give better results. Home treatment drugs thid you can get without a prescription are usually never as effective.
