Yes, the Two-Zone Refrigerator-Freezer is the only one of its kind in the world that makes and serves ice cubes . . automatically. The amazing new ice-server actually makes and feeds non-stick ice cubes into a basket without being touched! The Servel gives you the silent freezing system with no moving parts to wear or make noise. And, gone forever, is the weekly defrosting sessions, for it's done . . . automatically. With the convenience of this wonderful work-saver right at your side it's a pleasure to plan and prepare meals. Enjoy the convenience and economy of a modern Servel Gas Refrigerator-Freezer.
