THE TIGERS ARE GROWLIN'

But this year guess that's about all they'll do. We've had some customers growlin' too—but it has been a nice growl cause their family ate too much when they served 'em our own hickory smoked bacon and hams. Now this week-end we'll have some of our hickory smoked sugar cured hams—whole or shank end fer 69c a lb. With ham sweet potatoes and fresh dug ones are 2 lbs fer 29c. Fresh cranberries are in now too. Fer a vegetable we have a 2½ lb package of frozen peas fer 49c. That's a nice item to have in yer freezer fer company or they can be repacked into smaller containers which we have. Got a good breakfast in the ad this week. First off we'll have Old South frozen orange juice 4 cans fer 79c. Fer the stuff to stick to yer ribs there's our hickory smoked bacon fer 79c a lb or some of our own bulk pork sausage for 59c a lb what our butchers make with their own grubby 'ittle fists. Then you'll want butchers make with their own grubby 'ittle fists. Then you'll want butter on 'em and its Tildens fer 69c a lb. In the beef, pork and veal and somethin' different department there's 3 lbs of fresh ground beef fer \$1.29 — and small spare ribs fer 59c a lb — and shoulder veal chops fer 59c a lb and our own corned beef made from choice or prime briskets fer 79c a lb. Don't a big pot of corned beef and cabbage almost make yuh drool all over the place cause it sounds so good???

numer mi-encyum, and simply means monstrous lake."

The northermost of the Great Lakes, the largest, deepest and perhaps the grandest, Lake Superior, derived its present name directly from the French mission aries. The Clingwest nation was a factor of the control of the contr

from its position above that of the fluron."

Our present name for Lake Eric, last of the five to be discovered, is derived from that of the Indian antion which, at the time the first. From that of the Indian antion which, at the time the Inst. From the Total Control of the Lower Lakes, was living along its southern shore. Charlevok stated that the name came from the large number of wild cats found in the region (Eric was the Iroquois name for cal). A more wide spread theory is that the name was given by the Iroquois to thole, Indians in some derision because of their promit every which characteristic

derision because of their promi nent eyes, which characteristic reminded the Iroquois of that ani mal.

mal.

There seems to have been some uncertainty regarding the name of Lake Ontario. Fr. Brebeuf in his "Relation" of 1635 refers to this body of water as the Lake of the Hiroquois. Fr. Lalemant in 1641 re-
