As The  
STRONG VOICE For The Suburbs

### Facts and Opinions

(Continued from Page 1)

an unmarked brown envelope in the mailbox, no return address given, and inside is a sheaf of material.

It comes unsolicited, unpaid-for by the reader. Somebody, possibly a neighbor, has determined that the person might be a fair mark to swallow this kind of reading matter.

In our desk drawer is a batch forwarded with disgust by one local housewife who is at a loss to know how to be "selected."

One of the leaflets starts—"Are you a gullible sucker? Did you send in money for Christmas Seals? Did you notice all the ANTI Christians listed as officers on the promotional sales letter? In Los Angeles, even one Director was the wife of a self-confessed Jew Communist . . . it doesn't take a brain to figure why Jews plug CHRISTMAS SEALS when they hate Christ . . ."

On the reverse side is an opus which begins, "If you want to be a BIG SHOT in America today, you must be a Jew, a Negro, an Alien or a Racketeer. THEN you can have your own racial schools, your own gestapo, the top government posts, and the kiss of the Administration . . ."

Four more paragraphs "quote" isolated passages from Lincoln, Jefferson, Franklin and Grant to "show" they were anti-Negro.

In the same packet of material is a "cartoon strip." Opening panel shows little "black boys" and "white girls" playing in the same kindergarten. The next panel shows a "black teen-ager" and a white girl leaving high school together. Panel No. 3, the Negro is "courting your daughter." Then marriage. Panel No. 5, a two holding two babies. Your grand children—one white—one black." Then a black young man greeting two white senior citizens: "Hello Grandpa! Hello Grandma!" Finally, the warning—"they do it with money you thought went to charity, but it does not go that way . . ."

There is a piece entitled "Jesus Was Not a Jew!" Plus one which starts, "If the Russians are so anti-Semitic, why don't the Hollywood Jews make ANTI-Commie films instead of PRO-COMMIE RACE MIXING stuff?"

The Observer reader who sent it on to Facts and Opinions was heart sick over having been the target.

She asks, "If there is anything I can do personally to help expose this hate material, please let me know."

The problem is stopping it . . . curing the minds which spawn it.

### Staebler Workers Ask Aid of Youth

Believing that "public participation in politics is one of the main purposes for its existence," the Livonia Staebler for Governor Steering Committee today told young people of Livonia that their youth "is no barrier to participation in political activity, and that young persons further their political education by political activism."

The Staebler Steering Committee is composed of "Democratic, Republicans and independent-thinking voters who have banded together to work for the election of Neil Staebler as the next Governor of Michigan. "Staebler is a candidate with an unusual approach to politics," stated Sheridan V. Holz stated.

### PATENTED SAFETY SHOULDER

MAKES  
YOUR DRIVING SAFER!

Ever had the blood-shilling experience of running off the road at high speed, or been for (it's a second or the life of the tire) a Dunlop safety shoulder tire? This design with tread ribs on the sides of the tire. Treads that climb down pavement edges and right back up again. They grip like a bulldog's teeth. They won't let go. They're no lurch, no jolting, no shaking off. They lean into turns, giving you traction where ordinary tire tracks quit, especially at high speeds or on wet roads.
