

'The Reader Speaks Up'

Not Even Angry

Editor: Frankly, we're not even angry with you—it's apparent you just don't have facts, only opinions. How well informed are you, Mr. Editor?

Fact: 1. How does the promoter of Village Green propose to keep children out of 2,000 apartments?

2. How does he propose to squeeze all these beautiful things (motel, 2,000 apartments,

shopping center, golf course, pool, lake, tennis courts, restaurant) and have it fabulous on an area that a beautiful golf course alone would fit nicely? 3. The desperate need for apartment building arose when they became 110 percent government-financed, not when the need arose to improve a community. Mr. Chandler, were you at the meeting to see just how hysterical we all were? We know the answer.

Do you mean we should progress as has Livonia with all their commercial, etc., and with higher taxes than Farmington Township? Do you mean you have been in Brookfield Apartments, with the squeaking floors, cheap carpeting, bathrooms vented through closets, etc., etc.? Do you mean you know apartment breed all right? Really, Mr. Editor, how well informed are you? A Small Citizen.

Picture Offensive

Editor: What folly this! You actually condone the limitation of new students by dunking them head first in the toilet! The ones who hadn't thought of it surely will now. Think of the illness that could be contracted. If this is what our school administration allows, I hope to heaven we move before next year. Irae Reader.
