SEARS NEW SHARE-A-POST HOOKUPS LET YOU DESIGN YOUR OWN STORAGE UNITS

Arrange any number of units any way you want! Use at half or full height, high or low, in a line or around a corner. You can create units as long as you need to fit any space. The longer units cost less per foot of shelf space because you use fewer uprights!

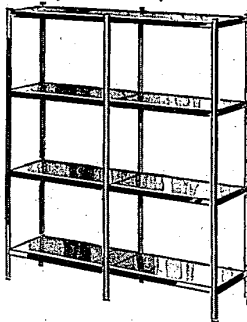

versatile steel shelving

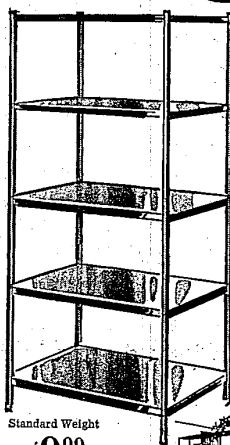

Sears completely new high-strength, economy shelving looks so much better and does so much more! The new design gives perfect rigidity without ugly sway braces, yet shelving is actually stronger than ordinary braced shelving. Plastic floor protectors prevent scuffs and scratches. Smart charcoal-gray finish is baked-on for extra hardness. Shelves are adjustable at 1 1/2" intervals and extra shelves are available. Our heavy-duty shelving is even stronger! Screws and hardware are concealed by striking off-white accent strips. All units are easy to assemble. All you need is a screwdriver.
