Mr. Roger Browne's two page letter, in which he meticulously pointed out his tremendous accomplishments, including the achievement of \$59.38 to the school district.

Mr. Roger Browne's statement as listed in the Redford Observer, quote: "If I find out about anyone other Board member doing this, then he'll be brought in as as touchy as Mr. Sharp's

of past practices which consider the elites above the school district; those who try to repress the honest thoughts of others; those who think it is OK to pay first and then approach the board for a rubber stamp approval; those who do not have the time to set-up or request standards and guides of conduct in business relationship. This can be as touchy as Mr. Sharp's

Maybe if we again submit this contract for bid we might get better service and a cost savings; those who always try to beloid or scuttle the issue or programs on hand; and those who have the chimerical idea that Mr. Browne, and Mr. Mrs. Bernice Mutch, "I do not invest money; I think he should resign however, because he deli- cately falsified receipts."

Mrs. Mary Van Alstine, "This is a case of honesty versus dishonesty. Dishonesty is not a principal of good citizenship which should be a basis of our school board members."

Others: Some residents indicated they would press for a moral education or other action in the near future.

Question No. 2: Have you read Mr. Donald Sharp's letter or

Kirby are the bulwark of the South Bedford School system and that to question them in any manner would be considered insidious.

My final reason is a selfish one. I want the best recreational and physical education program in this state, and if possible, the country. This requires board members to have the same honest desires to obtain same.

You should ask them. Or, Roger Brown, or if you dare, ask the Redford Township News for their newspaper copy. Yes, it's very interesting. Why? Because it states eleven (11) Mr. Donald Sharp gave me that impression when he supported a recreation issue a while back. Support will also be needed to make sure that our physical education instructors have the benefit of the best salary structure for their efforts. Again I feel Mr. Sharp will give these issued his deepest and sincere considerations.
