

BREAKING GROUND for a new addition to the Tennyson Chevrolet showroom at Plymouth Rd. near Merriman last Thursday was Mayor Harvey Moelke of Livonia. Looking on were officials from the Tennyson firm and General Motors: H. G. Messer, Harry Tennyson, E. L. Penet, Jack Izard, W. H. Ness, H. S. Bock, R. E. Cook, Harold Wiederhold, E. P. Feely Jr., Jack DiBlasi and Ed Columbia.

REDFORD UNION PANTHER TRACKS

By Pam Ziemiak

Redford Union's annual "Sadie Hawkins" dance was held on Halloween night. This dance is a girl-skits-boy affair and is conducted by the Sophomore Class. Everyone was encouraged to wear clothes similar to those of the characters in the "L'il Abner" comic strip. Many came in shabby old clothing with patches and tears, wearing straw hats, and carrying old whiskey jugs. Most of the girls made original vegetable corsages or weed bouquets for their partners. Dennis Aldrich, the "Marryin' Sam," presided over the mock "hillbilly" wedding throughout the evening. He performed short comic ceremonies and presented each person with a gold ring. Each couple received a marriage certificate and had their picture taken. A small fee was necessary for this "hitching" service. As it has been in the past, the "Sadie Hawkins" dance was again a great success for the Sophomore Class.

The debate team this year will be sponsored by Mr. Gregory, a teacher of English, Speech, Dramatics, and also sponsor of the Thespians. The team, consisting of eight volunteers, is divided into two separate groups. They are the Varsity and Junior Varsity teams. The members of the Varsity are Marcia Glencor, Jo Ann Bradshaw, Peggy Schindler, and Helen Barron Jr. Varsity includes Bob Compton, Barb Livorine, Larry Proksch, and Kurt Theil.

The officers for this year are Bob Compton, President; Peggy Schindler, Vice-President; and Jo Ann Bradshaw, secretary and treasurer. The topic of debate for this year will be "Resolved: That nuclear weapons should be controlled by an international organization."

Redford Union's debate team is a member of the Suburban Six League and the State League. R. U.'s first debate in the Suburban Six League will be held at Redford Union with Plymouth on December 3.

Fifteen members of Redford Union's Girls' Athletic Association attended a soccer playday at Trenton High School on October 27. All of the Suburban Six schools attended. R. U.'s girls included: Jo Ann Karl, Debbie Barnes, Penny Sanchez, Cindy Mercer, Karen Anderson, Diana Urban, Barb Trailer, Judy Urban, Lynn Smith, Sue Richmond, Linda Maxwell, Nancy Kelly, and Connie Schell. Liz Parr acted as scorekeeper, and Barb Tober was the referee. With the completion of the soccer games, the girls were served cider and doughnuts.

R. U. welcomes everyone to come and watch the excitement as the "ferocious females" of the senior class battle for victory at the Powder-Puff football game. The action will take place on November 13 at the Redford Union Panther Stadium.

The majorettes for this year are Karen Supanich, Pat DeBuschere, Jerry Anderson, Debbie Wilcox, Darlene Piant, Chris March, Janet Smith, Sandy Whitehead, Teresa Andrews, and Kathy Herpin. These girls have practiced diligently and have made a good performance for the school.

The Thespians will be sponsored by Mr. Heuser and Mr. Gregory this year. Redford Union is represented by Troup 600 in the National Thespian Society. The offices are held by Judy Littleton, President; Ron Barnett, Vice-President; Melody Cunningham, secretary; Peter Yori, treasurer; and Dave Ferris, historian.

Eight people were initiated into the club during the traditional ceremony of October 13. The Thespians have had a bake sale and are planning to take many trips to see plays.

PRE-SEASON HUMIDIFIER SALE

Bring "Oceanside Freshness" to Every Room of Your Home

Save \$13

ON THIS HOMART AUTOMATIC

Power Humidifier

WITH HUMIDISTAT

REG. 69.95 **56⁸⁸**

NO MONEY DOWN

- ★ Provides up to 15 gallons of refreshing moisture daily
- ★ Operates only when furnace blower is on
- ★ Uses less power than a 60-watt light bulb

Puts refreshing moisture into the air by forcing dry air from the furnace through a saturated foam element. Easily installed on the warm-air side of gravity or forced air system. Connects to water supply with float valve that automatically maintains water level. Fiber glass housing can't rust, corrode.

Installation Available

Sears Plumbing and Heating Dept. (at all 9 Sears Stores)

Look What a Power Humidifier Can Do For You!

Humidified home needs less heat, helps cut your fuel bills.
