Slated for January at Madonna

The Aspern Papers, a comedy of letters, adapted by Michael Redgrave from the story by Harry James, will be presented by Madonna College in January.

**Hillberry Actors Announce 1965 Schedule**

January opens the second season for the Hillberry Classic Theatre at Wayne State University. It opened on Jan. 15, 1964, with "Shakespeare 400," a 20-week season of four plays — "Julius Caesar," "Anthony and Cleopatra," "As You Like It," and "Romeo and Juliet."

This season the theatre is broadening its range with five plays spanning almost 2,500 years of theatre history. On the program will be "The Taming of the Shrew," by Shakespeare; "Oedipus Rex" by Sophocles; "The Riddulous Young Ladies" by Moliere, which will be on the same bill, and "Galileo" by Bertolt Brecht. Historically the plays range from "Oedipus Rex" written about 425 B.C. to "Galileo" introduced in 1947.

The season will be 22 weeks long, running from Jan. 6 through June 12. There will be no Sunday performances; the plays will run on Wednesdays through Saturdays, with matinee and evening shows on Wednesday and Saturday.

**Livonia Police Officers To Host Safety Patrol Boys to a Movie**

The Livonia Police Officers Association will host all safety patrol boys in Livonia to a movie in the Terrace Theatre on Wednesday, Dec. 10, at 10 a.m.

The program is sponsored by the Livonia Police Officers and the theatre management.

All patrol boys must have identification passes issued by the respective schools. The box office will not be open to the public for the special show.

Emphysema, a serious lung disease almost unknown until recently, takes more lives than tuberculosis. Chronic bronchitis affects more than 2,500,000 Americans. Christmas Seals fight all respiratory diseases, including tuberculosis.

**Members of Classic Theatre Company**

For its second season, the Classic Theatre Company at Wayne State University will have 29 members—15 returning from last year's company and 14 newcomers. The new members were selected from 150 applicants on the basis of experience, recommendations and auditions.

The 22 men and seven women in the company have been awarded University fellowships and grants-in-aid. Only two in the group are undergraduate students; eighteen are working toward master's degrees and nine toward Ph.D. degrees. The company was drawn from fifteen states and twenty-one universities, colleges and professional schools. Eight are natives of Michigan.

Among those in the company are its first husband-and-wife team, Pat Criner and her husband, John. Mrs. Criner was a speech therapist for the Livonia schools last year.
