Universalist Set  
Antique Sale

A Centennial Farm antique auction is planned Sunday, Oct. 25, by members of the Universalist-Unitarian Church of Farmington.

The site is the Gibson farm at 25255 Galedale Road - just north of the expressway turn-off - property that the church recently purchased from Mr. and Mrs. Harley Gibson as a proposed location for a new church building.

The public is invited to the 1:30 p.m. sale.

Mr. and Mrs. Gibson, who moved to Oregon last summer after long residence in Farmington and membership in the church, left to the church many antique articles, some of them in the possession of the family for close to 100 years.

There's of antiques, including chairs, chairs, tables and lamps as well as old tools and household implements, will be sold at auction at the Gibson barn, with proceeds going into the church's building fund.

Minister Robert M. Eddy and church member William Wallis of Livonia will serve as auctioneers.

Mrs. Homer Fowler of Livonia, serving as chairman for the event, said plans were being completed for coffee, hot dog and donut booths, and families interested also are invited to bring picnic lunches.

Ten Mile PTA  
Art Workshop  
Planned Oct. 19

Come to the Art Workshop to be held as part of the first fall meeting of the Ten Mile School P.T.A., October 19 at 9 p.m.

There will be fun for all as parents and teachers make masquerade masks using the different media provided by the art department. Crayons, chalk, torn paper and paints, just to name a few, are some of the materials to be used.

AN INFORMAL social gathering at 7:30 p.m. in the student's classrooms will start the meeting. This will be an opportunity for the parents to meet their children's teachers and visit the room. Also, at this time, P.T.A. memberships will be sold.

Preceding the workshop a short business meeting will be held conducted by the newly appointed president, Mrs. William Ampere. This will be a wonderful time to join the P.T.A., visit the classroom on a social level and have a grand time working with different art materials.

Unless there has been a history of injury these difficulties are often counted as "back strain" or "growing pains." Continuation of athletic activities, especially contact sports such as football, may then result in an injury which becomes chronically disabling because of the underlying defect.

Something to sell? Sell it fast through an Enterprise Classified Ad.
