

Only two states, California and Pennsylvania, have laws concerning what can go inside stuffed toys sold in those states. The city of Casablanca, once a small village in North Africa, has a population of more than one-half million persons.

The busiest waterway in the world is the Detroit River, which carries more tonnage annually than the Rhine, Thames, Seine and Volga rivers combined.

Eight at NFHS Do Well on Natl. Scholar Testing

Eight seniors at North Farmington High School have been honored for their high performance on the National Merit Scholarship Qualifying Test (NMQST) given last spring.

Each student who is endorsed by his school receives a formal Letter of Commendation signed by his principal and the president of the National Merit Scholarship Corporation.

Harold Humble, the school's principal, has announced that the Commended students are: Michael Lawing, Corrine Malton, James McElutichon, Roger Ming, Mark Ooms, Ward Sharbach, Gregory Valade and Alan Wile.

John M. Stalnaker, president of the National Merit Scholarship Corporation, said:

"LETTERS OF Commendation are being awarded to 38,000 students, throughout the country in recognition of their outstanding performance on the qualifying test. We wish to call attention in this way to their high academic achievement."

"Although they did not reach the status of Semifinalists in the current Merit Program, they are very capable students. The Semifinalists and Commended students together constitute about two per cent of all high school seniors. This certainly signifies noteworthy accomplishment by all these bright young people."

"We urge the Commended students to make every effort to attend college, and to develop to the fullest their promise of future achievement. By doing so they will benefit both themselves and the nation."

The National Merit Scholarship Corporation gives recognition to two groups of students who achieve high scores on the NMQST. The Semifinalist group is composed of the highest-scoring students in each state and in U.S. territories. Some 14,000 Semifinalists take a second examination to establish further their eligibility to become Finalists and to receive consideration for Merit Scholarships.

TO INCREASE their oppor-

tunities to obtain financial assistance if they need it, the Merit Corporation sends the names, home addresses, test scores, and proposed college majors of all Commended stu-

dents to the two colleges they indicated as their first and second choices at the time they took the qualifying test. The Commended students were among the high school

seniors in approximately 17,000 schools who took the NMQST last March. The test is a three-hour examination that covers five separate areas of educational development. It was the

first step in the tenth-annual Merit Program. The annual Merit Scholarship competition is open to all high schools in the United States and its territories. There are

about 5,000 Merit Scholars currently enrolled in more than 400 colleges and universities. Approximately 9,100 Merit Scholars have been appointed to date.

You Are Invited To A Party!

We at Sid's Jewelry would Like To Say "Thank You" To all the nice people who visited us during our first Year in Farmington.

Please Come To Our First Anniversary Celebration. There will be Birthday Cake, Coffee and Gifts on Friday and Saturday, Oct. 23rd and 24th and Special Values for You during Our BIRTHDAY SALE until Oct. 31st.
