

### Salary Proposal

(Continued from Page 1-A)  
next year for the above-average schools. In order that these projections, the committee proposed the following: 1. That the B.A. base be increased from \$4,900 to \$5,300; 2. That the M.A. base be increased from \$5,200 to \$5,700; 3. That the increments be 4 per cent of the previous year's salary instead of the 3.5 per cent they are at present; and 4. That the number of increments be decreased from 12 to 10.  
The above proposals will place the B.A. maximum at \$8,490 and the M.A. maximum at \$9,066.

### To Adv. for Bids on Gasoline Tank, Pump

Authorization to advertise for bids for the installation of a gasoline tank and pump at the School District's service and maintenance building was given by the Board of Education on November 9.  
Bids will be opened on November 23. The service and maintenance building is under construction on 10 Mile Road near Middlebrook Road.  
The police department says snow driving is never out of season, but it's especially appropriate when winter payments are covered with ice or snow.

### State Hwy. Dept. Pays Quarterly Highway Funds

The State Highway Department has started distributing third-quarter Motor Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.  
State Highway Commissioner John C. Mackie said net receipts of the Highway Fund for July, August and September of 1961, amounted to \$49,039,375, an increase of \$2,770,131, or 5.6 per cent, compared to the same period of 1960.  
Oakland County's share totaled \$1,047,714.  
The City of Farmington will receive \$2,000. The Village of Quakertown's share is \$1,200; and the Village of Wood Creek Farms, gets \$1,650.

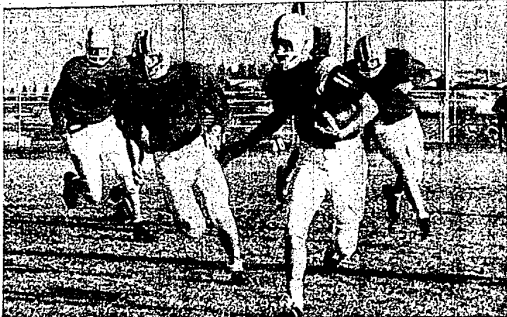

### Farmington Township Road Maintenance

Farmington Township road maintenance comes out of the County's share of the Fund collections.  
All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.  
After deduction of collection costs and the Waterways Commission's share, the money is distributed under provisions of state law which provide that 47 per cent goes to the State Highway Department for use on state highways, 35 per cent to the State Board of Road Commissioners on county roads and 18 per cent to 521 incorporated cities and villages for their roads and streets.  
Under this formula, the State Highway Department will receive \$24,057,906 as its share of the third-quarter collections, while the counties will receive \$17,170,781 and the incorporated cities and villages will get \$8,809,688.

### Twp. Pay Raise

(Continued from Page 1-A)  
opinion which states simply that the language must be complied with strictly and that the "last" meeting means exactly that, the last, regular or special meeting of the Township Board. In accordance with this statute and my opinion, the matter of salaries appeared upon the Agenda of the last, regular meeting of the Township Board which was held on Monday, October 28, 1961. A considerable discussion was had at that time in the presence of representatives of the press, including your paper, as to the necessity of determining township officer's compensation at that time and of what that compensation should be.  
Trustees of the Board indicated that they did not want to make a decision without having further information with respect to what other communities were paying. The subject was therefore deferred for final action for one (1) week, to November 2, 1961.  
Notice of the meeting of November 2, 1961, and of its purpose appeared quite prominently in news stories in weekly papers circulating within the Township. Despite this fact, however, few if any persons chose to be in attendance at that meeting although was a public meeting open to any resident of the Township.  
It is interesting to note, despite your statement that the question of salaries would not become a political issue, that the action of the Board actually did become a political issue in a last ditch attempt by the opposition party to attract votes, in this despite repeated statements by the opposition candidates, in public, that they favored an increase in compensation for township officers.

Yours very truly,  
Joseph T. Brennan

RAIDER BRUCE WHETTER of the North Farmington High School reserve football team is pictured above on a long gallop against the Franklin Patriots. The Raider reserves clinched their second consecutive junior varsity conference crown by downing the Patriots, 15-13.

### L. G. Clifford Appears On Oakland Panel

Leland G. Clifford, president of the Farmington Board of Education, appeared as a four-member panel of school board members at the Oakland County School Boards Association Nov. 10 at Rochester Senior High School.  
The 207-member group discussed the problems of teacher-administration-school board relationships. Mr. Clifford, as president of the board of education at Michigan Bell Telephone Co., presented the positions, policies and resolutions adhered to by the board.

### Bank Re-Zoning

(Continued from Page 1-A)  
he charged, by Kimberley residents who had been in the street for three lots were available on the market for residential use up until the land across the street was rezoned to allow for a shopping center. He said the lots were no longer suited for residential use when plans for the shopping center were approved.  
Several of the residents at the Monday night meeting expressed concern that if the proposed National Bank of Detroit branch was defeated another venture in the future might be even less acceptable to Kimberley residents. These residents were in favor of approving the re-zoning to allow the NBD branch rather than take a chance on what might be proposed at a latter date.  
KIMBERLEY residents expressed concern over the architectural plans for the NBD branch. They felt the building should conform to the colonial architecture predominant in Kimberley rather than any other form.

John Rogers of National Bank of Detroit told the Board action was needed soon on the request to allow the bank to remain within charter requirements which stipulated the branch must be under way by December 1 of this year. Many details remain to be settled, he pointed out, and time is running short.

### Let Contracts On Bond School

Two of three contracts for construction of the Bond School addition were awarded by the Board of Education at a regular meeting on Monday, November 6.  
The Board had been opened on October 23, with action deferred.  
The electrical contract was awarded to Johnson-Durand Electric Co., Inc., which had submitted the low bid of \$24,970. The Julian Wilson Company was awarded the architectural contract at a low bid of \$130,000.  
Action was deferred on the awarding of the mechanical contract until November 16, so that the matter could be discussed with the school district's maintenance staff.

BACKING, SAYS THE Institute for Safer Living, is becoming a lost skill. Many motorists, Reason, modern improvements in highways, approaches, parking areas, and driveways, have eliminated many "back" problems. Still it pays to be a safe and skillful backer-upper when necessity arises. Why not take a few minutes to practice backing now and then? Helps to make you a better all around driver.

The speed limit signs that were set up last summer really ought to be changed for winter, said Farmington Township Police Chief Irv Yakes. "When streets are slippery normal speed limits are way out of line, and greatly reduced speeds are very much in order."

### Free Turkeys R. O. Schembs Gets Promotion

(Continued from Page 1-A)  
Schembs, a native of Millburn, N.J., joined Ford Motor Credit Company in 1951. Prior to his present appointment, he was supervisor of the Credit Loss and Operating Cost Analysis Section, Ford Motor Credit Company. He received a bachelor of science degree from the Wharton School of Finance and Commerce, U. of Pennsylvania in 1952.  
Schembs resides with his wife and three children at 28322 Westmeath in Farmington.

### Election Final

(Continued from Page 1A)  
Richard Kuhn for this seat by an 88,330 to 77,204 vote margin.  
In the races for the two Oakland County offices, voters of the county elected three Republicans and two Democrats.  
John Murphy (D) won out over David Calhoun (R) for the office of clerk-recorder of deeds by a vote of 143,781 to 137,582.  
FRANK IRONS (R) was returned as county sheriff for another term winning out over Democrat Fred McPherson (D) by a vote of 143,781 to 137,582.  
Charles Sparks (R) garnered 142,781 votes to his opponent Lucille Marshall's 138,188. Daniel Barry (R) won out over Stanley Dunn (D) for the position of drain commissioner by a vote of 141,503 to 137,548.

### Exch. Student Sends Letter Back to FHS

Dear Mr. Geiger,  
In the three months I have been in Italy quite a few things happened.  
The most important is that I didn't lose one year in school. Because I gave the necessary exams in order to pass and finish High School. They went good and I'll be starting University in November.  
I should confess that I miss the school very much in particular my good American friends. I've glad if you could tell me that I enjoyed the year in Farmington High School greatly, and I thank them all for their friendship. I should like to thank the teachers too for their patience.

### Plans Approved For Larkshire

Final plans and specifications for Larkshire School were approved by the Board of Education at a regular meeting November 9.  
The Board had already authorized the advertising for the construction of the school to that work can be started in time to have the school ready for the 1963-64 school year.  
The school will be opened on Thursday, November 19; and Supt. G. V. Harrison stated that since at least two other schools had been started in the midst of November and completed by the next school year, he feels that this school can be ready on time.

### Court Action

(Continued from Page 1-A)  
ship election applies rather in townships under its jurisdiction than Farmington Township and those townships without full-time salaried administrative officers such as we have.  
On the new state constitution beyond the portion that the township attorney cites provide that previous Michigan laws on the books calling for decisions on salary increases 60 days or more prior to the election should be adhered to, the plaintiffs' attorneys are stating.  
It is expected that on November 23 it is expected that the judge will instruct attorneys for both sides to prepare briefs on their cases and appear again to present their cases at a later court date.

### New Meeting Procedure Set

The Farmington City Planning Commission will be following a new procedure in the future in determining what business is to be taken up at their meetings when meetings are to be held.  
The planners decided at their meeting on Monday night of the week to make their meeting on the second Monday of each month their regular business meeting night as it has been in the past.

The change provides, however, that if a second meeting in the month is found to be necessary then it will be determined by the chairman at the end of the first meeting of the month when this meeting will be and the kind of meeting it will be.  
If it is to be only a "work meeting" with no decisions or action to be taken then this will be noted. Should there be any business to be discussed where action or recommendations might be called for then this will also be noted by the chairman.  
Following this procedure both members of the planning commission and the general public will know in advance about any matters to be taken up at a planning commission meeting, it was explained.

### Salute Cawley

(Continued from Page 1-A)  
Optimist Club, Dr. M. L. Hutton of the Farmington Lions Club, Bob Butler of the Farmington Junior Chamber of Commerce, Ned Oglesby and Dr. Don R. Krohn of the Farmington Board of Commerce, Roger Walker of the Michigan Bell Telephone Company and Thomas F. Foley of the Farmington Enterprise.  
Committee members met Rex and his wife as they arrived at Willow Run Airport Wednesday night and extended the first "welcome home" greeting to the Olympic champion.  
The public is expected to turn out in force at the Banquet tonight and parade and football game activities on Saturday to give the gold medal winner a grand welcome back to the community.
