Women of Kendallwood Farms To Hear Noted Lecturer Jan. 26

The monthly meeting of the Women of Kendallwood Farms was called to order at 8 p.m. Tuesday evening, January 26, by President Mrs. Ralph Harris in the social hall of St. Paul's Church.

The featured speaker for the evening was author and lecturer, Malcolm W. Dooley, director of the Dr. Thomas A. Dooley Foundation. His topic was "Dr. Tom Dooley — The Challenge and The Example." Malcolm Dooley is the younger brother of the man who became a legend in his time. Dr. Tom Dooley was "Thank You, America" to the sick and starving people in Laos and "The Splendid American" to all those who watched his battle to

City Thanked for Street Lighting Help

A letter from the Farmington Board of Commerce expressing thanks to the city officials and employees for their generous contribution of money and manpower to make this year's Christmas street lighting program the success it was, was read at the regular City Council meeting Monday night.

The feeling expressed by Ned Oglesby, B. of C. chairman, was that a tremendous start had been made in making Farmington one of the better decorated communities in this area around the holiday season.

Pictured above are some of the individuals taking key roles in the workshops. They are (l to r) June Lieb, Mary Layton, Minnie Zeiske (Director

Drivers Needed To Transport Cancer Patients

A driver's license very often is a "license to save a life" as cancer patients having no means of transportation to and from local hospitals have discovered. By calling the Michigan Cancer Foundation, volunteers may obtain the services of a volunteer driver.

More than 200 trips were made last month by volunteers able to donate their time and services for this purpose. Many cancer victims must take a series of costly or waxy treatments to defeat the disease and are unable to provide their own transportation to and from treatment centers. Volunteer drivers are recruited for this purpose.

Anyone willing and able to give their spare time for this worthwhile assignment is urged to call the Michigan Cancer Foundation, Temple 3-0710, for details.

Speed may not only spoil a trip for yourself and others and it may shorten your life. Give happiness—don't take it away.

No Conflict of Interest Found On Vote By City Councilmen

Membership in a club or fraternal organization does not in itself constitute a conflict of interest from voting on matters involving that organization even though the club might benefit from the city action taken.

This was the substance of an opinion on this matter which was given by City Attorney Robert Kelly at the regular City Council meeting Monday night, January 18.

The opinion had been asked for two weeks earlier by Councilman Henry Forrest following official action by the Council approving the exchange of the old Elks City Hall building, a few doors apart on the north side of Grand River Ave., downtown.

Councilman Forrest, who voted against the exchange, charged at the meeting two weeks ago that he had been either Mayor Robert Lindberg or Howard Thayer should have been allowed to vote on this matter, since they were both members of the Elks Lodge.

The city attorney's findings were that only Thayer was a member in good standing in the Elks Lodge.

He pointed out further in his opinion that the Elks Club was a non-profit organization. The

Dr. Weinheimer To Speak at M'belt PTA

The annual Founders Day Dinner will be held at the Middlebelt School on Monday, February 1, at 6:30 p.m. The dinner is organized by the PTA for the parents and a number of distinguished guests.

The program will feature the distinguished educator Dr. Norman P. Weinheimer, Superintendent of Schools, Highland Park, Michigan, who will speak on "Comparative Education of American and Soviet Schools."

The talk will be illustrated with slides and will be based on the speaker's experience in visiting Russian schools in 1959 as a member of a group of American school superintendents.

DR. WEINHEIMER, a native of Bridgman, Mich., is well known for his work as a consultant, chairman and president of a number of professional associations, educational, PTA and legislative councils. He is the author of several articles on education and is an active participant in community affairs.

The entertainment for this event will be provided by the Titan Singers group of 22 girls from East Junior High under the direction of their teacher Miss Judith Davis.

Search Is On For Michigan's Mother of 1965

Mrs. Charles F. Kuhn, Michigan State Chairman of the American Mother's Committee, Inc., has announced the launching of the search for the 1965 Mother of Michigan. The primary objective of the American Mother's Committee, Inc., is to develop and strengthen the moral and spiritual foundations of the American Home.

The qualifications for the American Mother are:

That she be a successful mother, as evidenced by the character and achievements of her individual children; That she be an active member of a religious body; That she embody those traits highly regarded in mothers: courage, cheerfulness, patience, affection, kindness, understanding and a homelike life; That she exemplify in her life and conduct the precepts of the Golden Rule;

That she have a sense of responsibility in civic affairs and that she be active in service for public benefit; and

That she be qualified to represent the Mothers of America in all responsibilities attached to her role as the National Mother.

Other qualifying conditions require that the young child should not be less than 15 years of age since achievement, conforming with qualification No. 1, cannot be judged at an earlier age; that no divorced Mother may qualify.

The chosen State Mother will be especially honored and will be sent to New York to be considered with the State Mothers selected by all the other states for the honor of being the American Mother.

Anyone may send in the name of a candidate if he has the recommendation of a recognized organization. Nominations are obtainable from Mrs. Charles F. Kuhn, P.O. Box 851, Pontiac, Michigan, and must be returned by March 1, 1965.

At Peace Corps African Post

Muriene Dowling, Class of '64, who left with the Peace Corps for Malawi, Africa, during the Christmas holidays, has written her family of a safe arrival and of her present activities.

Muriene is located in the northern part of the country where she is teaching home economics, English, and history in a secondary school. She is living with a girl from Harvard and they are expecting to come and live with them in the near future.

Mrs. Dowling reports that the weather is cool enough to wear wool clothing. She also comments that she has learned a different language than the one taught to her during the Peace Corps training program here in the United States.

She likes it very well in Africa and says that the people are very friendly.

Unauthorized Parking Charges Are Refuted

Charges that unauthorized cars were being parked in the small parking lot owned by Bill Root Chevrolet off Mayfield, just south of Grand River Ave., were found to be unfounded.

It was disclosed in a letter from Attorney Albert Herzog that two older cars reported as being left in the lot overnight early, actually did not belong to the auto dealership and the owners were unknown.

A second charge that new cars to be sold were being parked there was also refuted in the letter. These were demonstrators cars being used by salesmen of the dealership for their own transportation, the attorney's letter stated.

Watch for school buses when you drive, and be prepared to stop when you see a stopped school bus with its red signal lights flashing.

Ball bearings actually help motorists to save gas.

Local Police Chiefs Attend Conference

Farmington-Township Police Chief Irv. Yakes and Farmington City Police Chief Maurice D. Foltz both attended the Mid-Winter Conference of Chiefs of Police held in Flint on Thursday, January 14.

Village Woman's Club Slates Talk By Prof. Thelma James Feb. 3

"The New Club-Woman," interpreted by Professor Thelma James of Wayne State University, will be the attraction of the Village Woman's Club February membership meeting, the luncheon meeting on February 3 will feature Professor James' observations on the emergence of a fresh concept of the active woman of today. Active and responsible participation in Detroit civic projects form the basis for Professor James' conclusions. She was chosen as one of Detroit's "Women of Distinction" in 1951 and as one of "Detroit's Top Ten Women Way Work" in 1952. She is also in "Who's Who Among American Women."

AN EARLY INTEREST in literature and the meaning of life led Professor James to the study and teaching of religion. She acquired an A.B. and M.A. at the University of Michigan, studied further at the University of Chicago, became a Phi Beta Kappa, and eventually Professor in the Department of English at Wayne State University.

Universalist Church Slates Guest Report

Fourteen-year-old Kathleen Munson of Lathrop Village will visit the Universalist-Unitarian Church of Farmington Sunday, Jan. 31, to report on her service on her experiences at the Clara Barron Birthplace Camp at North Oxbow, Mass. The camp, operated for diabetic girls, is owned and operated by the Association of Universalist Women. A similar camp for boys, the Elliott P. McClain Camp, is located at Charlton, Mass., and also is sponsored by the denomination's women's group.

Special facilities for care of diabetic children are noted as they may have the experience of summer camping. Kathleen will give a short talk at the service, and the offering on that day will go towards support of the two camps.

Woman's Club Meeting Feb. 3

Mrs. Carl W. Shaw will be hostess to the Farmington Women's Club at her home, 1801 Valleyview, at 1:30 p.m. on Wednesday, February 3.

Program chairman of the day, Mrs. W. H. McCullough, has secured Charles C. Currie of Birmingham to show colored films, which are not only of age, of a "Mediterranean Holiday" aboard the MS (motor ship) Ostfjord.

Mr. Currie states, "This is called the Holy Lands' tour. We are following the route of St. Paul, the apostle; visiting Greek islands and other parts on the Mediterranean Sea. We also visited Egypt, going up the Nile to Luxor and to the tombs of the Pharaohs; other calls were at Istanbul, Sicily, Corfu, the Dalmatian coast of Yugoslavia, including Dubrovnik and Split, and the palace of Diocletian, the Roman ruler who retired to live in Split." (Split was Salona in ancient days.)

Check on Condition Of Ross St. Promised

Councilman Hugo Peterson questioned at the City Council meeting Monday night what might be done to improve the condition of Ross St. between Grand River and Oakland. He stated that he had received complaints about its very poor condition from citizens. The vacation of this short stretch of street was discussed but it was decided that this would not be possible since some home garages front onto it. The city manager stated that he would have the DPW check the street and see what immediate and long range improvements might be possible.

Men are often capable of greater things than they perform. They are sent into the world with billion creeds and seldom draw to their full extent.
