Contents of Planning Comm. Minutes Results in Debate

Rather heated discussion erupted at the Farmington City Council meeting Monday night over the content of information in the City Planning Commis-sion meeting minutes.

six meeting minutes:

Councilman Henry Forrest leveled shart phasts at City Manager John Din an. He charged that Dinan is putting far too much of his own interpretation of what transpires at planning meetings into the minutes and is leaving out comments and statements made by ciffens on some occasions. citizens on some occasions

The city manager explained that only brief notes are kept on the planning commission's

proceedings and that he fills in information from these notes in preparing the official minutes. This explanation seemed to satisfy all but Councilman For-

MUCH OF the debate centered around an earlier statement made by Caucilians For-rest at one of the City Economic Development Committee's meetings. Forrest's statement was that he wiss in favor of a thorough study and consideration of development of the 22 agree strip of priperty on the west side of Farmington See PLANING COMM.

Page 8-A, Col. 3

RALPH YODER OF THE Farmington City Planning Commission is pictured, above (at left) with City Manager John Dinan, studying the plans submitted by Alta Loma honetowners for residential development of a problem 22-acre strip of land on the west side of Farmington Road, between Alta Loma Drive and Freedom, Drive. Yoder, who is also it can didate seeking election April 5 to one of the

three available seats on the Farmington City Council, made it through last Thursday's pilizard to keep his appointment with the City Manager and review the homeowners' plans stibmitted to counter the proposed ERO (Education-Research-Office) District zoning shifts has been under consideration by the City Planning Commission.

City Appeal Bd. Denies Owner Mfg. Variance

The continuance of manufacturing operations from a problem building located a short distance north of Grand River Avenue off Lika St. east of Orchard Lake Road, which abult-residential property, was unanimously denied. Appeals at its last regular meeting. Some types of manufacturing and repair work have been confused from this building for the past several years now despite strong objections from neighboring residential property owners. A court decisitn handed down a lew months back ordered the Quijely Machine Products Co. to suspend manufacturing operations in this building and to sharply curtail cutside storage of ma-

curtail cutside storage of ma-terial.

IN ORDER TO keep the building occupied and yielding some financial returns, the owner recently made at appeal to the control of the ance was requested was that of the assembling of metal door frames by a local lumber com-

rames by a local lumber company. Similar grup of nearly homeowners made it clear to the appeals board that they did teel the proposed new manufacturing use for this building would be at all desirable to them and that there will still be series muisances caused and that the values of their property would be adversely affected six month extension of the appeals board members to the appeals board members to the appeals board members supported who will be adversely affected from the supposed by one of the appeals board members supported the motion.

Registering Deadline Mar. 8

Citizens of the City of Farmington and Farmington Township are being rominded his week that the deadline for registering to qualify as an elector of the elections on April 5 is this coming Monday, March 8, at 8 n.m.
