Add Enough Telephones in '63 To Raise Total to 171,000,000

More telephones were added throughout the world in 1963 than in any previous year. There was an increase of 9.9 million telephones, bringing the world's total to 171,000,000.

Previously, the largest gain recorded was in 1962 when 9.3 million telephones were placed in service.

THESE FIGURES were included in the 1964 edition of "The World's Telephones," released by the American Telephone and Telegraph Company. All figures are as of Jan. 1, 1964, since it takes a year to obtain and compile the data.

The United States ranked first with 84,483,000 telephones. Japan was second with 10,882,492. The United Kingdom followed with 9,345,000.

Telephones continued to increase more rapidly than any other world population. At the beginning of 1964, there were 5.3 million telephones for every 100 persons in the world.

A slight rise from the 5 phones per 100 reported the previous year.

The United States, with 44.9 telephones per 100 population, maintained its lead in that category. Sweden followed with 42.5. New Zealand had 35. Canada, 34.8, and Switzerland, 33.5. All five countries have more than one-half-million telephones each.

In places with less than one-half-million phones, Monaco

Prin. Outlines Varied Program At Wm. Grace

Elementary Student Council, Peace Corps, and Continuous Progress Plan were subjects covered in a report to the Board of Education at a December 28, by Nicholas A. Abid, William Grace School principal.

The student council at the school has been very successful in a number of projects. Students experience in planning, working together in the democratic process, and in developing ideas. Each room in the school elects a boy and a girl to serve on the council. The council then elects its four officers and holds meetings about once a month.

THE COUNCIL HAS no formal by-laws, but has developed a list of school rules dealing with conduct and discipline which are reviewed and revised each year. Kindergarten representatives are allowed to observe and sometimes participate.

Some projects of the council have been poster contests, a snowman contest, clean-up day, and the selection of school colors.

Three officers of the council, John Holappa, president; Karen Phillips, secretary; and Charles Phillips, treasurer, were present to tell about their projects, one of which was a successful paper drive. The school made a profit of \$70. They voted to send \$20 to the Kennedy Memorial Library fund, for which they received an acknowledgment from Mrs. Kennedy; and the balance of the money was used to provide three or four "rainy day" games for each classroom in the school. The council's vice-president, Miss Shearon, also was present at the board meeting.

THE PRE-KINDERGARTEN story-line program has grown almost beyond the limited facilities of the school, according to Nicholas A. Abid. The program is held over a five or six-week period previous to the annual kindergarten "round-up" registration.

The program consists of three sessions with the librarian, Miss Bowie, a session with the art consultant, Miss Wieser, and a session with the music consultant, Miss Bowie. Miss Wieser was at the board meeting to tell about the program and answer questions.

THE PROGRAM HELPS to orient the pre-schoolers and enrich their experience background. Mr. Abid said, it is a very good supplement to the round-up which follows.

The continuous progress plan, a pilot study on the ungraded classroom, is progressing well according to Mr. Abid. He said that they expect to make a recommendation this spring or early next year on reports to parents. He said the most difficult obstacle to overcome is that everything has been graded and parents are grade-minded. However, the parents have been very cooperative and have stated that they are glad their children are in the program.

Village Women's Club Slates 1965 Classes

A diversity of interests and inclinations have contributed to the make-up of the Village Women's Club 1965 class. The class is designed not only to develop a heightened critical sense and more creative reading.

New Concepts in Home Design and Decoration will cover diverse areas of home beautification in six lectures. Two lectures on the use of accessories have been scheduled in answer to requests from previous class members. Imaginative framing of pictures, collections, shadow boxes, etc., will be presented and a lecture on wallpapers and fabrics is also scheduled. Slides and movies on hard-core moldings, floor treatments and bathrooms will show what's available in the stores and how to use the various choices to best advantage. Trying the course together on a talk on the various elements of design and a visit from an interior decorator, February 16 is the beginning date for this class.

EASTER BONNETS of their own creation will adorn the heads of the ladies designed up for the six-week Military class. Mrs. Gilbert Firth, who will instruct, has been in charge of the military workroom of well-known military store for many years and is an expert at designing and copying hats, plus where to get the various materials for each style. Originally one's own. The Military class begins February 17.

Prof. Seymour Riklin will examine the writings of European American novelists, dramatists and poets in relation to their struggle with the old problem of good and evil. This class is designed to be a special reading by class members. Prof. Riklin, formerly assistant director of the American Museum of Natural History, humanities, art and English at Wayne State University and the University of Michigan, in addition has been moderator of the award-winning TV series "Conversation" which just finished its fifth year. The class, beginning February 10, will run for eight weeks.

Good Advice Given By Twp. Police Chief

When safety experts talk about "getting the feel of the road" do you know what they mean? Farmington Township Police Chief, Mr. Jakes describes it as a method of determining if, and to what extent, the road is dangerously slippery due to accumulated snow, ice or frost.

How is it done? By careful acceleration, to see if the wheels spin and by braking to see if they skid. Obviously, this should be done at low speed and away from other traffic. If the car doesn't respond as expected, it's your warning to reduce driving speed, gently and smoothly, using the gas and brake pedals sparingly.

Using reinforced tire chains during extreme winter weather can increase traction by more than 400 per cent, and a driver's peace-of-mind by at least that much, says Farmington Township Police Chief Jakes.

Two Classes in Modern Point Count Bidding, one in the afternoon and the other an evening mixed class are available, with Mrs. Bernard Lourin as instructor. The afternoon class will meet on Tuesday for ten weeks beginning January 21 for ten weeks. The Village Women's Club cordially invites anyone interested in class information and registration to call the clubhouse, 844-3450.

PUBLIC HEARING
THURSDAY, JAN. 28, 1965
8 p.m.

Persons who may be interested are invited to participate in discussion of the proposed change:

That portion 601 have the following new paragraph 4 added:

a. Funeral homes and mortuaries; subject to the following:

a. Means of access to such use shall be had from a major thoroughfare (Section Line Road of at least 120 feet width of right-of-way) or from an express way serving the district.

b. All parking and service areas of such use shall be screened from view from abutting residential properties through the provision of screen planting. Plant materials, shrubs and trees specified in Section 13.1 shall be utilized for this purpose.

c. All yard, parking lot, service drive, and exterior building lighting shall be shielded from abutting residential zones.

d. The provisions for Maximum Height of Buildings and Minimum Yard Setbacks as set forth in Article XIII shall apply.

That Section 902 have Item 1 revised to read as follows:

Outdoor space for sale or rental of new or used automobiles, travel and camping trailers, and trailer coaches; subject to the following:

a. All lighting shall be shielded from adjacent residential districts.

b. Ingress and egress to the outdoor sales area shall be at least sixty (60) feet from the intersection of any two (2) streets.

c. A four (4) foot obscuring wall or fence must be provided when abutting or adjacent districts are zoned for residential use.

d. No major repair or major refinishing shall be done on the lot.

That ARTICLE XIII have footnote K receive the following additional statement:

Where the front yards of two (2) or more principle structures in any block in existence at the time of such passage of this Ordinance within an A District and on the same side of the street are less than the minimum front yard indicated above then any building on that side of the street shall not be less and need not be greater than the average depth of front yards of said two (2) structures. Where side yards of lots are less than the minimum front yard indicated above then any building on that side of the street shall not be less and need not be greater than the average depth of front yards of said two (2) structures. Where side yards of lots are less than the minimum front yard indicated above then any building on that side of the street shall not be less and need not be greater than the average depth of front yards of said two (2) structures.

Tentative zoning text and zoning maps may be examined at the Farmington Township Hall, any day, Monday through Friday, 8:30 a.m. to 4:30 p.m.

d. The provisions for Maximum Height of Buildings and Minimum Yard Setbacks as set forth in Article XIII shall apply.

That Section 902 have Item 1 revised to read as follows:

Outdoor space for sale or rental of new or used automobiles, travel and camping trailers, and trailer coaches; subject to the following:

a. All lighting shall be shielded from adjacent residential districts.

b. Ingress and egress to the outdoor sales area shall be at least sixty (60) feet from the intersection of any two (2) streets.

c. A four (4) foot obscuring wall or fence must be provided when abutting or adjacent districts are zoned for residential use.

d. No major repair or major refinishing shall be done on the lot.

That ARTICLE XIII have footnote K receive the following additional statement:

Where the front yards of two (2) or more principle structures in any block in existence at the time of such passage of this Ordinance within an A District and on the same side of the street are less than the minimum front yard indicated above then any building on that side of the street shall not be less and need not be greater than the average depth of front yards of said two (2) structures. Where side yards of lots are less than the minimum front yard indicated above then any building on that side of the street shall not be less and need not be greater than the average depth of front yards of said two (2) structures. Where side yards of lots are less than the minimum front yard indicated above then any building on that side of the street shall not be less and need not be greater than the average depth of front yards of said two (2) structures.

Tentative zoning text and zoning maps may be examined at the Farmington Township Hall, any day, Monday through Friday, 8:30 a.m. to 4:30 p.m.

Interest Rate on Savings Up At National Bank of Detroit

The National Bank of Detroit will earn a full month's interest on all savings accounts beginning Dec. 31 that will be set at the 4 per cent rate, beginning paying four (4) per cent interest on all savings accounts effective January 1, 1965. Accounts opened during the interest quarter will earn interest at the 4 per cent rate for each calendar month payable at the end of the next interest quarter.

The increase from 3.5 to 4 per cent was made possible by a ruling of the Federal Reserve Board last month.

France has had 1,300,000 men killed in World War I.

Accounts opened by January 1 will be compounded and paid quarterly. No minimum deposit will be required.

The higher interest rate will be paid automatically on all National Bank of Detroit regular and investment savings accounts, benefiting more than 350,000 NBD depositors.
