Seventeen-year-old Judy Woody didn't mind the chicken-pox as long as younger members of the family, Alan and Barbara, had them, but her attitude changed when she came down with the little spots herself. Also suffering from the same bug is Karen Richter, Mary Quinn and the Jonick children. We also wish a speedy recovery to Barbara Zeld, who is recuperating in the hospital, and little David Hobbs, who is confined at St. Mary Hospital with nephritis.

Bette Willard of Robinson has informed us that local pharmacists are cooperating with Oakland County authorities on the distribution of poison kits to be kept in the home in case of accidental poisoning. This kit contains instructions concerning the ingestion of various poisons, the poison center telephone number and a universal antidote. Call Bette at 476-5883 for any further information.

Birthdays will be celebrated this week by Paul McLoughlin, Laura Ann Yeagley, Joan Albrecht, Richard Brown, Steven Brunette, Patti Begoske, Betty Simon, Ruth Vanden Heuvel and Kristine Jacobs.

Manufacturers Bank
is looking for people to lend money to

Responsible people with worthwhile needs. Like Gary and Barbara Adamson, whose family in recent years, has grown faster than family income. So, when they found they had to enlarge and modernize their kitchen and convert unfinished upstairs space into extra bedrooms, they simply couldn't pay cash. But they could get the job done now, and with the help of a Manufacturers Bank FHA Home Improvement Loan, have the time to pay for it.

Manufacturers makes FHA Home Improvement Loans up to \$3500, with up to five years to repay. And the Adamsons were able to arrange Manufacturers Bank FHA financing through their own contractor.

Manufacturers Bank is looking for people like Gary and Barbara Adamson to lend money to. Responsible people whose needs are not really more than they can handle. Just more than they may be able to handle all at once.
