"HI, PARTNERS!"
THROUGHOUT MICHIGAN, some 50,000 girls and boys from upper elementary and junior high school grades are performing an outstanding service. They are members of 2200 School Safety Patrols, a public interest activity sponsored by the AAA and its affiliate, the Automobile Club of Michigan. These Safety Patrol members must be at their posts each day at least fifteen minutes before school opens, must stay on duty after school closes. Their loyal efforts have helped substantially to reduce fatal accidents involving child pedestrians in the 5-14 age group.
Michigan's Trucking Industry salutes these Safety Patrol members. Like them, the industry is doing its utmost to promote safety on our streets and highways—through rigid driver training programs, careful maintenance of equipment, and educational campaigns. So, to you girls and boys in the white Sam Browne belts we say, "Hi, partners! We're with you!"
