2 Killed As Motorcycle Flips Over

FARMINGTON 9:30 a.m. at Heene-
Paul G. Solits, 26, of 21244 Randall, Farmington Hills, was killed Sunday in a motorcycle accident which also took the life of his passenger, Mrs. Sandra Jean Phillips, 24, formerly of Farmington. The accident happened in East Lansing where Solits had gone to visit Mrs. Phillips and her husband, Joseph J. Jr.

The Phillips' had recently moved there from Farmington.

The rear tire on the motorcycle skidded in sand, a friend said. The vehicle hit the curb and flew end over end, killing the couple, he reported.

Mrs. Phillips leaves two young children and Solits a small daughter.

Mrs. Phillips, a beautician, was the daughter of Mr. and Mrs. Floyd B. Kin, 21889 Leyte, Farmington. Her in-laws, Mr. and Mrs. Joseph J. Phillips Sr., are across-the-street neighbors at 21894 Leyte.

Solits had enrolled to enter Oakland Community College's Orchard Ridge campus in September, a college spokesman said.

He served with the U.S. Army in Germany for two years and was employed as a brickmason for Herb and Leonard Miller Construction Co.

His father, Albert, is a resident of Largo, Fla. His mother is dead.

Funeral services for Solits were scheduled for 1 p.m. today (Wednesday) at Heene-Sundquist Funeral Home. Services for Mrs. Phillips will be tomorrow at

Letter To The Editor

Police Given High Praise

EDITOR:
I would like to express my sincere appreciation to the Farmington Police Department and Rescue Squad for their immediate response to my call for help when my husband suffered a fatal heart attack during the night of July 25.

The courteous manner of the two young officers and their concern for me was very comforting. I shall never forget it.

Sincerely,
Mrs. Florence Walsh,

Some questions you've asked us about your future at The Lutheran Retirement Center

During the last two years, a lot of people from all over Michigan have asked us a lot of good questions about The Lutheran Retirement Center in Ann Arbor. Here are the ten most frequently asked, along with the answers:

1. What will be some of the important features at The Lutheran Retirement Center?
Among the most important features of life at The Center will be freedom from homeowner responsibilities, well balanced meals, special dietary services, constant attention to health needs, a balance between privacy and companionship, and an independent form of living with assured security. Residents will be free to come and go as they choose, to entertain guests and relatives, to participate in the varied activities available and to help plan those activities. In fact, residents will be expected to live there as from which they come with complete freedom and privacy.
2. Who will be eligible?
Persons who are 65 years of age or older are eligible. They must be in reasonably good health for their age, with the qualities of personality conducive to congenial group living, and with the income and resources to meet the financial requirements. Persons who are motivated by ethical principles, without regard to religious denominations will be sought. An Admissions Committee, with the Executive Director, will decide all matters of eligibility.
3. What happens if a person is accepted as a resident but is not ambulatory when The Center is ready for occupancy?
He or she will be admitted without qualification and will receive all benefits to which residents are entitled.
4. May residents bring their own furniture?
Yes, residents will be welcome to bring their own valued familiar possessions and furnishings. Wall to wall carpeting and drapery linings will be provided. Each unit will have a private bath, and adequate closet space. There will be storage lockers elsewhere in the building.
5. Will residents be able to control heating and air conditioning in their apartments?
Yes, for complete comfort, apartment heating and air conditioning will be individually controlled.
6. What will be the extent of nursing care?
Residents who become ill will be cared for in The Center's own nursing care facility where members of the nursing staff will be on duty at all times. In the event a resident is provided with nursing care in the nursing care facility beyond 10 days per year or an accumulated 30 days in three years, an additional modest per diem charge will be made. This nursing care facility will be accredited by all state and local agencies, and qualified by the Medicare program.
7. What about facilities for regular exercise, especially during colder months?
The Center's sponsors believe that residents can benefit greatly from regular exercise, and have planned to provide indoor exercise equipment. Apparatus such as stationary bicycles and other equipment will be available at no charge. And because exercise is a vital part of many therapeutic programs, it will be encouraged. In addition, outdoor exercise facilities - a perimeter walk and bike path - are planned.
8. Will special diets be served in the regular dining room?
Yes, special diets will be served if prescribed and required by your physician, and supervised by The Center's dietitian.
9. Would a resident ever be evicted because of health problems?
No. The Life Lease Contract provides continued and uninterrupted care as long as it is medically feasible in The Center.
10. What happens to a resident if he becomes unable to meet financial obligations after living at The Center for some years?
Residents are assured they will not be requested to leave The Center because of financial reverses after having established residency. While assuming the responsibility of self support as a resident of The Center there is equal responsibility upon each resident to properly care for the financial resources upon which he depends.
