Resolve now that you will purchase all your medicines and health-aids from your pharmacist for these important reasons.

First—You are safer because your skilled training enables us to protect you more.

Second—We charge no more than food and variety stores, despite the fact that we give a more personal service.

Third—If drug stores do not get these purchases it may be more impossible to keep open so many hours. Long after most stores close, your pharmacy is serving you. Isn't it elementary that you should obtain every medicine and health-aid from your pharmacist?

Pick up your prescription if shopping near us. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

Oil men spend just about as much money in the 20 or 30 days it takes to sink a well, as they do to produce the oil over the 20 or 30-year life of an oil well.

Current trends indicate that by 1959, petroleum chemicals will account for two-thirds of the value of all chemicals produced in the United States.
