**MICHIGAN BELL**

telephone lines

ALEXANDER GRAHAM BELL was deeply interested in the hard-of-hearing. And so is the company that bears his name. That's why we're so pleased that a telephone company invention, the transistor, has had such a beneficial effect in the manufacture of hearing aids. For the same reason, we don't charge the hard-of-hearing for the installation of special phones. And, to make quite sure that an instrument really does make a customer's telephoning pleasant and easy, we allow a free trial period before we charge the normal monthly rental.

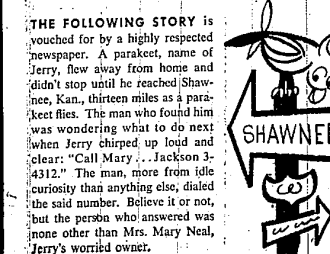

**NEW USE FOR FAMILIAR OBJECT.**

The day was chill and windy. The man on the street tried, four times, to light his cigarette... no luck. Then he noticed a public phone booth a few yards away. He stepped inside, shut the door and achieved success with his next attempt. Then he went his way—and we like to think that he carried with him some small feeling of gratitude to the Michigan Bell Telephone Company, for placing at his disposal a really storm-proof cigarette lighter.

**CORDS GET PERMANENTS.** "Spring" type telephone cords—the kind that can't twist and catch on things—eventually lose their neat tight curls, just like a lady's hair. When this happens, they're not thrown away. Like a lady's hair, they get a permanent wave. (They get it when the telephones come in for repair.) Around one million cords get the full beauty treatment each year—washing, rewinding and heat setting. \$400,000 is saved by this annually. It helps keep down telephone costs.

**THE FOLLOWING STORY** is vouched for by a highly respected newspaper. A parakeet, named Jerry, flew away from home and didn't stop until he reached Shawnee, Kan., thirteen miles as a parakeet flies. The man who found him was wondering what to do next when Jerry chirped up loud and clear: "Call Mary... Jackson 3-4312." The man, more from idle curiosity than anything else, dialed the said number. Believe it or not, but the person who answered was none other than Mrs. Mary Neal, Jerry's worried owner.

## Bond-Eagle Girl Scout New!

**TROOP 570**, under the leadership of Mrs. Wilma Doughty, attended the recent Book Fair at the Detroit Historical Museum. They heard Jean Fritz and Tom Chase, authors of the book "Champion, Prince Tom," speak. Prince Tom, a trained cocker, was there and did some tricks.

On December 16 the troop and their families went to the Ford Auditorium to hear the children's concert by the Detroit Symphony Orchestra. The presentation this year was "Menotti's," "Amahl and the Night Visitors."

**TROOP 461**, under the leadership of Mrs. Wendell Brown and Mrs. William Brown, had a Christmas party for new Troop 123 and the teachers of Kenbrook School. The girls gave a Christmas "punching" party. They made Santa Claus, popcorn balls for everyone and served tea and punch.

At their court of Awards the following girls were awarded First Class Badges: Anita Allen, Linda Butts, Kathy Kuchnick and Susan Reno.

**TWENTY HIGH TROOP 173** gave a dinner for their mothers at Mrs. Wendell Brown's home. The girls cooked and served the entire dinner by themselves. Beside their mothers, they invited Mrs. William Molnar, a troop consultant.

The girls working by patrols made Christmas aprons for their mothers and copies for their friends.

**A NEW INTERMEDIATE TROOP**, led by Mrs. John Courville and Mrs. John Courcoran, had a hayride and cookout at Kent Lake. The girls built their own fires and cooked a meal of spam, sweet potato and pineapple in foil. For dessert they had bananas and chocolate bits.

## Youth Concert Set in Livonia

The Livonia Youth Symphony Orchestra invites area residents to its first concert of the 1958-59 season to be presented at Bentley High School Auditorium, 15100 Hubbard Road, on Sunday, February 1st, at 4:00 p.m.

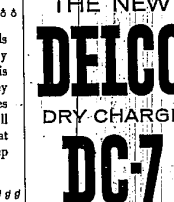

This concert will be highlighted by the appearance of four guest soloists and the Plymouth Civic Chorus, Fred Nelson, director. Guest artists complementing the orchestra in this concert are Dan Beggs, baritone; Armand Brown, bass baritone; Bruce Francis, soprano; and Neil Flower, tenor.

One of the interesting and unusual features of this concert will be the presentation of Act IV, Scene 2, of "Boris Godunov," by Modest Mussorgsky, which he endeavored to portray the rising rebellion of the common people. The three vocal soloists and the Plymouth Civic Chorus will combine their talents to portray this mighty drama of the Russian people.

Youth is not a time of life. It is a state of mind. People grow old by deserting their ideals and by outgrowing the consciousness of youth. Years wrinkle the skin but to give up enthusiasm wrinkles the soul. "You are as old as your doubts, your fears, your despair. The way to keep young is to keep your faith young. Keep your belief young. Keep your hope young. Keep your love young." —Dr. L. F. Phelan

**GIRLS** from the Farmington Junior High economics department entertained their parents, teachers, and classmates with a fashion show in the school gymnasium last Wednesday. The fashions included all the various styles in dressmaking that have been going together for approximately the past two months by the girls in their home eco classes.

Each girl, modeling the outfit she made, gave a professional performance as she paraded across the stage, down a small stairway, and through the audience. Introducing each girl and giving a description of her outfit was the job of Bonnie Webb, 9th grader. James Hunt, vocal music instructor, provided a piano background for the occasion.

The fashions modeled by the girls included dresses: chemise, sack, sailor and party, blouses, skirts, wesuits,

palamas and jumpers. Representing the 8th grade were Kathy Allen, Pamela Campbell, Kathy Foster, Adele Karmondy, Patricia Markey, Leslie Morrish, Fran Payne, Kathy Warner, Kathy Davis, Sandra Davis, Sheryl Enberg, JoAnn Stekan, JoAnn Markham, Rosemarie Norman, Judy Wedge and Margie Harding.

Behind the scenes was Miss Patricia Breiten, the home economics teacher, who organized the show and made it possible.

**AAA Area Office Moved Closer; Located at 25830 Grand River**

To provide greater convenience, service and better working conditions, the Redford-Farmington division of the Automobile Club of Michigan has moved its office from 25830 Grand River, at Beech Road.

Headed by Manager Doug Huff, a 25-year stalwart in the AAA, the office staff has remained intact at the new location where they will serve motorists; car owners in the Redford, Rosedale and Farmington territories. The territory normally serviced by the Redford-Farmington AAA office is between Eighth Mile Road and Puritan, west of Southfield into Farmington, past Farmington Township and Southfield to Ten Mile Road.

"Actually we are only about 2 1/2 miles west of our former office," Huff said. "But really, for our whole territory, we are situated more to the east of center than we are west of it. In any event, we are more central to our customers than we were before."

"We have a claims department operating at the branch in charge of Don Fuller, Paul Malloy, Edward Tillson and Charles D. Milner."

"Assisting in membership work are Martin W. Boia, Karl B. Weiss, Virgil W. Campbell, Norman LeBlanc, E. Vance Glor, Harold Young, Roy Plante and George Acumache. The office personnel is under the supervision of Mrs. Dorothy Sheldon."

"I'd like to remind folks," Huff added, "that our winter season service is underway and we have lots of data for those interested in winter sports as well as those planning trips to Florida and other warmer climates."
