"Sam has served twice as president, and once as vice president, with untiring zeal and relentless drive. Tom Cook's interest in the library is an inherited one, being of the Cook family which for many years continued the fight for a library on the going was most laudable. He has been a director for two terms and has served as president one term and vice president two terms. His contribution of personal effort of these two men extends a real challenge to the present Board in an attempt to continue the devoted leadership to the library cause." To date, the membership of the Friends has contributed approximately \$2,500.00 to the library. The fund raising drive through organizations is still in process, and the results continuing to be reported, it was indicated. There are still funds to delegate to a 1959 project which would be beyond the scope of the budget and on such a decision the Friends means an indirect contribution to our library," the spokesman said.
