A1 Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously. Dyspepsia cannot eat the things they like; food sour in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated all along, and the moods are forced and irregular. But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you get your drug gift and get a bottle of Dr. Caldwell's Syrup Pepsin. Others who did take it and he is well today. Others who did take it and are cured are Mr. A. Fortune, of Grand Junction, Tenn.; E. P. Thompson, of Shenandoah, Ia., who actually considered that it saved his life. You can obtain a 50-cent or \$1 bottle of the drug, and taken according to directions, it will probably be all you need. It is a liquid, acts gently, never gripes, and besides the laxative effect, contains exceptional tonic properties which tone the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can obtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction that Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent catarrhs, flatulency, gas, etc., away.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 400 Caldwell bldg., Monticello, Ill.
