At the effective date of this ordinance shall be subject to the provisions hereof provided, that any specific violation which may impose a hardship may be waived by the Board of Health.

West Point Park News

MISS L. A. AULT Phone GR. 4-4294

At the Coolman home on Shady Side Ave. last Wednesday evening, a miscellaneous showing was tendered Miss Helen Soos, also of Shady Side Ave. by Mrs. Harry Brown of Shady Side Ave.

Adopted 7/14/59 Effective 8/23/59 FLOYD A. CAIRNS Farmington Twp. Clerk (July 23, 1959)

ORDINANCE AMENDING TOWNSHIP TRAFFIC ORDINANCE NO. T-1 By the authority granted the Township Board by Act 236 of the Public Acts of 1945.

SECTION 1. The traffic ordinance of the Township of Farmington, Michigan, as amended by Act 378 of the Public Acts of 1945, is amended by the addition of a new section to read as follows:

SECTION 2. This ordinance shall become effective when, after 30 days have elapsed after the first publication of this ordinance in the Farmington Enterprise, Farmington, Michigan, proper signs have been posted along the highway in accordance with Act 300 of the Public Acts of 1949, as amended.

SECTION 3. FLOYD A. CAIRNS, Farmington Twp. Clerk (July 23, 1959)

Mrs. Loren Read and her three children from South Lyon were visiting with their aunt, Miss Lora Ault, on Norfolk Ave. Tuesday morning.

Mr. and Mrs. Herman Schull of Shady Side Ave. were visiting with the latter's mother, Mrs. Duffy near Ypsilanti Thursday.

Mr. and Mrs. Chester Briggs from Keego Harbor were visiting with relatives, the Willets and Mrs. Simpson near Mayfield Ave. Thursday evening.

Y.C. REDDY, Shady Side Ave. spent this past week in California.

Alberl Nacker, Farmington Road, is suffering with a severe attack of illness.

Miss Joanne Craig, of Mayfield, was being quite ill.

Eddie Brugman from Novi is spending a few days with his grandmother, Mrs. Grace Simpson, on Mayfield Ave.

A huge, threatening grass fire raging in the area bounded by Shady Side and Mayfield, Norfolk and W. 8 Mile Rd. Thursday afternoon, alarmed nearby residents.

Honoring the birthday of her daughter, Mrs. Edwin L. Johnson of Clarita Ave., Mrs. M. Emerson Ault gave a small party at her home on Mayfield Ave. Tuesday, July 14.

Douglas Griffin of Mr. and Mrs. Griffin of Farmington is one of some 200 Michigan young people attending the 1959 All-State Intermediate Band session at the National Music Camp.

Mr. and Mrs. Cecil Willett and their daughter, Joan, and Mrs. Grace Simpson of Mayfield Ave., were in Keego Harbor Sunday, the 12th, attending a Golden Wedding celebration honoring Mrs. Simpson's brother-in-law and sister, Mr. and Mrs. Percy Briggs.

Mr. and Mrs. Stanley Morgan and their son, Mike, of Mayfield Ave., are leaving soon for Mrs. Morgan's family's camping vacation near Higgins' Lake.

The Immons of Hubbard Ave. spent the July 18 weekend with Rev. and Mrs. Andrew Michaelson in northern Michigan.

Bob Seaman of Norfolk Ave. has been a guest this past week of his uncle in northern Ohio.

Tommy, has been a guest of David Seaman on Norfolk Ave.

Last week's winners were M. and Mrs. Arthur Graham, of Farmington, for North-South; Mrs. Edna and Mr. James for Detroit, for East-West. For further information, please phone GR 4-0088.

On March 4, 1776, the newly formed Marine Corps saw its first combat when 300 Marines landed and captured the British post in New Providence, Bahamas.

The surest way not to fail is to determine to succeed. —Sheridan

guished without the aid of her first apartment.

Stevie and Marita, children of Mr. and Mrs. Merrill Johnson, Parker Ave., are both ill with mumps.

Mrs. Clinton Ault, Mayfield Ave. is "laid up" with painful back injuries received in a recent accidental fall.

JOHN REDDY Shady Side Ave. is employed in Grand Rapids this summer.

Because of the water crisis, many householders have vowed to "whether or no" put in wells for use until a good supply of piped-in water is made certain.

Goodwill Industries of Detroit wants and needs household discards. In the Farmington area they are now collecting every Monday. To arrange for a pick-up please call Miss Lora Ault, GR 4-4294.

When pressure drops in lbs. substantially said, it is very possible for water in the toilet tank from a two-story dwelling to escape into the water lines.

Once as Lincoln had difficulty with his two crying children, Willie and Tad, a neighbor asked what was the matter. "Just what's the matter with the whole world, I've got three walnuts and each wants two."

One All-State session being held at the National Music Camp this summer under the auspices of the University of Michigan are High School Band and Piano and Second Session, July 27-August 5.

The bible states that the holy anointing oil was made by the apothecary using his special skill. The compounding of medicines is a science and requires many years of study and apprenticeship in a pharmacy.

Some of the medicines we dispense now-a-days are prepared in the laboratories of pharmacists who are highly skilled and must exercise our art by making certain they are potent when dispensed and exactly the ones specified.

SECTION 1. DEFINITIONS. A. The term "swimming pool" shall mean any artificial or constructed non-portable pool located either above or below grade capable of being used for swimming or bathing having a depth of two (2) feet or more at any point.

B. The term "enclosed area" shall include all individuals, groups of individuals, co-partnerships, associations, firms or corporations or other legal entities. The singular shall include the plural and the masculine the feminine.

SECTION 2. PERMITS. It shall be unlawful for any person to construct or reconstruct a swimming pool until a permit authorizing such work shall be obtained from the Board of Health.

SECTION 3. APPLICATION FOR PERMIT. Application for a permit to construct a swimming pool shall be approved by the Department of Building Safety of the Township of Farmington. Such application shall be accompanied by plans and specifications in duplicate, drawn to scale and in sufficient detail showing the following: A. Plot plan with elevations, showing existing principal and accessory buildings.

B. Pool dimensions, depths and volume in gallons. C. Type and size of filter systems, filtration and backwash capacities. D. Pool piping layout, with pipe sizes and valves shown, and types of materials to be used.

E. The rated capacity and head at filtration and backwash (where applicable) flows of the pool pump in C.F.M. F. Location and type of water supply system. G. Mechanical and structural calculations and details prepared and sealed and approved by a registered engineer or architect.

H. Location of sewer lines, private sewage disposal facilities, and/or water supplies and public utilities (electrical, gas, telephone, etc.). I. Location of ditches, drains, culverts and water courses.

J. Specific methods to be employed to clean pool (vacuum, etc.). SECTION 4. LOCATION OF POOL. There shall be a distance of not less than ten (10) feet from the adjoining property line and the outside of the pool wall.

B. There shall be a distance of not less than four (4) feet between the outside pool wall and any building located on the same lot.

C. No swimming pool shall be located less than thirty-five (35) feet from any front lot line.

D. No swimming pool shall be located less than ten (10) feet from any side street, alley, right-of-way, or the distance required for side yard by the Farmington Township Zoning Ordinance, whichever is greater.

E. No swimming pool shall be located in an easement. SECTION 5. FENCES. For the protection of the general public, all yards containing swimming pools shall be completely enclosed by a fence of not less than four (4) feet in height. The gates shall be of a self-closing and latching type, with the gate not readily available for children to open. Gates shall be capped when the pool is not in use for extended periods. Provided, however, that if the entire premises of the residence is enclosed, then this provision may be waived by the Building Department upon inspection and approval.

SECTION 6. WATER SUPPLY AND WASTE DISPOSAL. A. A water supply system shall be provided with a potable water supply. No water system furnished by the Building Department shall be used for the purpose of filling or replacing the water supply of any swimming pool.

B. There shall be no cross-connections of any potable water supply with the water supply line for the pool. The water supply line to the pool shall be protected against back flow by means of a fixed air gap of six (6) inches or more above the highest pressure level or by an approved vacuum breaker. No over the rim fill spout will be located under a diving board or installed in an approved manner so as to remove any hazard.

C. There shall be no direct connections with any private or public sewer system. D. All pool drain and waste water shall be disposed of in a manner approved by the Building Department. Its authorized representative.

SECTION 7. CONSTRUCTION. A. General — All types of equipment and material shall be approved by the Building Department before installation. All work shall be done in a workmanlike manner. The recirculating pool structure shall be engineering and fittings shall meet

the following requirements: 1. Vacuum fittings, if provided, shall be located in an accessible location(s) below the water level. 2. A main outlet shall be placed at the deepest part of the pool, including and/or emptying the pool.

3. Pool recirculation piping shall be made of Schedule 40 pipe with a minimum wall thickness of 1/2", brass or steel. 4. Filtered water inlets shall be provided in sufficient number to provide a maximum circulation of the main body and surface of the pool. A minimum of two (2) inlets shall be provided. 5. Valves shall be installed throughout to insure proper functioning of the filtration and piping system.

6. A valve shall be installed on the main suction or return line in such a location that such and deck water shall not return to the pool except through the filter system.

7. The pool wall slope shall not be more than one (1) foot horizontal to five (5) feet vertical. The slope of pool floor in the shallow end shall not exceed one (1) foot vertical to seven (7) feet horizontal. The depth of the pool shall not be less than three (3) feet and more than five (5) feet and markers and safety line or depth markers are used at five (5) foot depth.

8. Installations shall be protected in an approved manner or safety purposes. The design of the pool and surrounding area shall be constructed and arranged in such a manner that the pool and deck water shall not return to the pool except through the filter system.

9. All electrical installations or wiring in connection with swimming pool shall conform to the National Electrical Code relative to swimming pools. SECTION 8. RECTIFICATION SYSTEM. A. Filters. Every pool shall have a filter capable of filtering the entire contents of the pool in twelve (12) hours, or less, when the flow is calculated at maximum of three (3) gallons per minute, per square foot of filter.

B. Filtration shall be capable of maintaining reasonable clarity of the water. C. All filters shall be equipped with satisfactory means to determine the necessity for backwashing. Each filter shall be provided with a visual means of determining when the filter has been restored to original cleanliness.

D. Pressure Sand Filter Systems. 1. Sand type filter systems shall be designed and installed by specific methods and shall exceed three (3) gallons per minute per square foot of filter area, and shall have a minimum rate of ten (10) gallons per minute, per square foot of filter area.

2. Filter tanks shall be fabricated to 1956 ASME Specifications for non-compressed gases. One (1) inch minimum, more, shall be deemed to be conclusive proof of an intention to abandon the use of pressure tanks. 3. The operating pressure of any swimming pool or any part thereof may be abated by the use of a relief valve in accordance with the provisions of Section 13 (c) hereof.

SECTION 9. ABANDONMENT. A. In order to continue to use or to maintain any swimming pool or any part thereof for a period of one (1) year or more, there shall be provided conclusive proof of an intention to abandon the use of the pool. B. Each year on which any swimming pool or any part thereof is not used for one (1) year or more, the owner shall constitute a separate offense.

C. In addition, any improper or incorrect installation, operation, maintenance or use so defined in this ordinance shall also constitute a nuisance and the Township of Farmington may in addition to the penalties provided herein, sue by means of a court action.

SECTION 14. EXCEPTION. This ordinance shall not apply to any swimming pool which is otherwise regulated by the State of Michigan either by statute or rules or regulations of one of its administrative bodies to the extent such rules or regulations are severable. If any part, section, paragraph, section, or subsection of this ordinance is held to be unconstitutional or invalid, it is hereby provided that the remainder of the ordinance shall not be affected thereby.

SECTION 15. EXISTING POOLS. Swimming pools in existence

at the effective date of this ordinance shall be subject to the provisions hereof provided, that any specific violation which may impose a hardship may be waived by the Board of Health.

SECTION 16. STATE TRAFFIC RECORDS. State Highway Department permanent traffic recorder stations indicate traffic volumes measured in Michigan in accordance with the first six months of this year by 4.7 per cent over 1958.

Some traffic measured was up to 8.2 per cent. The counts on a comparable three-day Fourth of July period indicated a 1.6 per cent over last year with the largest Fourth of July increase of 18.2 per cent reported on U.S.-25 in San Diego.

Mackie said a team of aerial traffic observers were at work over the Fourth. Severe cutbacks in traffic were observed at the intersection of U.S. 23 and M. 47 in the south-east portion of Bay City and at U.S. 23 and M. 76 in Standish.
