

### Judge Suggests Ordinances

In a letter to City Council last Monday evening, Farmington Municipal Judge John J. Schulte recommended that the council draw up and adopt city ordinances covering the violations by minors of two state laws.

The two violations are: Simple larceny by minors; and Minors possessing alcoholic beverages. In his letter, Judge Schulte related that there has been a recent increase locally in these two infractions.

PRESENTLY, the judge's letter explained, cases involving these two violations must be tried under state statutes and

### Village Firm In Opposition To Sewer Fee

The Wood Creek Farms Village Council appears determined not to collect the \$500 collection fee charge for the Farmington Interceptor Sewer from applicants for new home permits in the village.

The council's contention, emphasized earlier is that there is no immediate need for sewers in the village and that until such time as a need presents itself there is no need to collect money for them.

"This opinion was again expressed following the receipt of a lengthy letter from the Oakland County Public Works Dept. giving reasons why the fee should be collected in the village as well as other parts of Farmington Township.

Farmington Township, presently handling inspection services on new homes in the village is requiring that the fee be collected. Village officials have indicated that they will hire a private inspector if the township continues to insist on collecting the \$250 fee.

### Quakertown in First Election

The first regular election following that involved in its formation was held Tuesday night in the Village of Quakertown, with about 46 per cent of the voters turning out. There was no competition, which makes the voting percentage look even better.

Out of 190 registered voters, 87 cast ballots, of which two were rejected as not good. All terms are for two years.

The returns:

Pres.: Stanley C. Thorpe  
Councilmen: Richard C. Hibbard, 68, Joe D. Tucker, 69, Clerk: Isabel W. Haynes 83.  
Treas.: Wm. L. Gogsdill 85.  
Assessor: Joseph C. Martin 84.

### Change Date of Talk On School Election

Date for a talk at the Ten Mile elementary school on the propositions to be voted on at the Nov. 23 school election has been changed.

Originally scheduled for Monday, November 16, it has now been moved up to Tuesday, November 10. To be held in conjunction with a PTA meeting, the program will get underway at 8 p.m.

### Middlebelt PTA Fair Success; Open House, 'Get Out Vote Tea' Slated

Spooks, Goblins and Scarecrows glared from every corner of Middlebelt School last Saturday afternoon, October 31 as the annual fair was held in this year's Halloween theme.

There were needlework bags, white elephant and plant booths. A spook and game room added to the children's fun. The cafeteria was as busy as any room, with meals served continuously from 2 to 6 o'clock.

The "grand finale" of it all was the costume parade with two prizes awarded to each grade for the most original costume. Mrs. Victor Petroff and Dr. Strom served as judges.

Many tired parents and children trooped home at seven, but it most forgettable day was had by all.

Thanks goes to Mrs. Rose Bogatiroff, chairman, and her many assistants. A very special thanks also goes to Mr. Mrs. Charles Somers for their many hours spent in decorations for this event.

The Middlebelt School's annual open house was held Monday, November 9 at 7:30 p.m. The monthly P. T. A. business meeting will precede classroom visitations. Mr. Donn Dalton, president of the Board of Education, and James Reed, representing the school administration, will present a talk regarding the November 23 special election.

Parents are invited to visit classrooms at 8:00 p.m. to

### Peter Goers, Infant, Dies

Peter H. Goers, infant son of Mr. and Mrs. Charles J. Goers of 24744 Tait Road, Northville, passed away unexpectedly Monday morning at home.

Peter was born April 16, 1958 in Pontiac.

Services were held this morning at 10 a.m. at the Northville Memorial was at Oakland Hills Memorial Gardens.

Besides his parents he leaves a brother, David, and a sister, Deborah. Also surviving are his grandparents, Mr. and Mrs. Arthur Goers of Farmington, and Mr. and Mrs. George Decker of Hartford, Michigan, and a great-grandmother, Mrs. Teresa Goers, also of Farmington.

### Wood Creek Agree to Bus Stop Ordinance

Cars are not required to stop for school buses halted to pick up or discharge children in incorporated city of village limits unless that municipality passes an ordinance requiring it.

Vernon Fisher, Farmington Board of Education trustee, and resident of Wood Creek Farms Village, appeared before the Village Council Tuesday night to request that such an ordinance be passed.

The Council agreed to do so, but delayed action until it can determine the best method to follow.

Getting traffic stopped for buses on the main highways bounding the village was the chief reason for the request, Fisher told Council. If an ordinance is passed, however, it will require cars to stop on exterior streets as well, he added.

### Wants Action On St. Signs

Councilwoman Marian Lam told fellow members of the Wood Creek Farms Village Council Tuesday night that she wanted to see some action in getting new street signs throughout the village.

She reported that at least six corners there were old wooden signs which should come out, at eight others the metal signs and posts were old and rusty and that at four corners there were no street signs at all.

The Council instructed Road Administrator Dick Norwalk to get prices on regulation metal signs. Councilman Norm Kreider agreed to see what it might cost to get something in the way of more artistic signs for the village streets.

### City Pays Contractors

City Council approved three final payments Monday night to contractors who recently completed construction jobs in Farmington city.

A payment of \$4,907.20 was approved for the L and L Construction company for the work it did on paving Farmington Acres subdivision, and III. The funds will come from an escrow account.

Rector Construction company had approved a payment of \$380 for work on the installation of a water main on Ten Mile road.

W and T Construction also will receive a payment of \$2,404.20 from a special assessment fund for the paving of Mooney street in front of the Farmington Shopping Plaza. The payment was approved by councilmen, retired the three debts.

**Council Tables Land Purchase**

City Council Monday evening tabled the purchase of a parcel of land in-Downtown Farmington, which would enable the extension of Warner street to the intersection of Grand River. The land, located immediately opposite where Warner meets Grand River, is owned by Lloyd Gullen.

### 3 Injured on Orchard Lake

Three Farmington residents were injured Saturday evening in a two car crash on Orchard Lake Road at Springland.

A car being driven by Mary Ellen Smith, 61, 21718 Farmington Road, pulling out from Springland Drive onto Orchard Lake Road, was struck by another driven by Brian Valade, 17, 32307 Red Clover, a town ship police accident report revealed.

Valade suffered a broken jaw, concussion and cuts about the head. Mrs. Smith suffered a fractured vertebra and her husband, Chauncey, 61, cuts over his left eye. All three were taken to Beaumont-Hospital in Royal Oak for treatment.

The accident occurred around 1:30 p.m.

### Voters May Register Sat.

As a convenience to residents who have not yet registered for the Nov. 23 school election, Township Clerk Floyd A. Cairns will open his office in the township hall from 9 a.m. until noon this Saturday.

The purpose will be solely to accept additional voter registrations from those residents who are unable to get to the township offices during normal weekday business hours.

Cairns reported that his office had received a number of inquiries as to whether his office would be open Saturday morning.

The deadline for registering for the coming school election is 5 p.m. Friday, Nov. 13, ten days prior to the holding of the election itself.

### Money Needed Now

(Continued from Page 1)

have to be increased at least until after 1963, according to a tax requirements projection chart prepared by school officials.

Computations have been made on the basis of a yearly increase of \$5,000,000 in the total state equalized valuation of the district. They are also based on a five per cent interest payment requirement with principal payments postponed until the fourth year.

NOT TO BE confused in any way with the propositions which will be voted on November 23 is the increase in school taxes which will show up on 1959 school tax bills to be distributed in December.

The increase in 1959 school taxes of approximately 13 per cent is the result of a 3.3 mill increase in the 1958 debt service tax levy. This increase was determined necessary in July of this year to meet principal and interest payments on outstanding bond indebtedness on previously approved bond issues.

The debt service rate was lowered substantially on 1958 tax bills to offset five mill increase in the operating tax levy which voters approved on July 14, 1958. Hopes were expressed at that time that it might be possible to keep the debt service tax levy down in coming years as well.

A review of the financial picture in the district this summer, however, revealed that a 12 mill debt service levy would be necessary. The debt service levy in 1957 was 12.20 mills.

### Hopes Surge As Bridge Opens On Grand River

With the recent opening of the new Grand River bridge near Kent Lake, businessmen between Farmington and Brighton on old U.S. 16 take hope.

For two years they have undergone a drastic dry spell in business traffic since the old bridge was incorporated into the expressway route. When the old bridge was fitted in to the expressway, old Grand River was neatly snipped in two.

With the abrupt halt of through traffic on old Grand River, businessmen there began to suffer. In fact, numerous stores were forced to close for lack of trade.

YESTERDAY jubilant merchants held an official opening ceremony at the new bridge, which was opened to motor traffic two Fridays ago. Joining with the merchants were numerous local and state officials.

The new bridge spans the Huron river adjacent to the U.S. 16 expressway at Kensington Park.

A motorcade from Brighton to Farmington, a ribbon cutting ceremony at the bridge, and a victory celebration banquet afterwards all served to mark the event. The celebration further buoyed the members of the Greater Grand River association which spearheaded a two-year drive to reopen old Grand River from Brighton to Farmington.

A handshake by the city mayors of Farmington and Brighton symbolized the reopened highway link between the two communities.
