### YOUR FACE FRAME

Since your face is the frame of your face, it deserves all the care and consideration you can give it.

Well-groomed, fashionable women are always the target for admiration. However they realize the importance of the crowning glory plays in their entire appearance.

Top condition of the hair and scalp, good wave for foundation and an individually created hairdo are essential to create the wanted effect.

## Speak Nuptial Vows on Oct 31

October 31 during the height of the Autumn season, Theodore T. Wrobel, son of Mr. and Mrs. Theodore Wrobel, and Paul L. Dufault, daughter of Mr. and Mrs. Paul L. Dufault, were wed. Both families are from Birmingham.

The simple country church was the site of the solemn wedding ceremony, and the brides' choice of attire, and the informality followed in the same simple manner.

The bride chose a Dufault-style scoop neckline dress; the bride's veil was a simple, short, and elegant. Her hair was styled in a simple, short, and elegant. Her hair was styled in a simple, short, and elegant.

The groom is a graduate of Farmington High School and now with the General Motors Technical Center.

## William Grace Class Visits Planetarium

Second grade pupils in Room 3 at the William Grace School visited Cranbrook Planetarium on Wednesday, Nov. 18.

The class was accompanied by their teacher, Mrs. Marion Spencer, and three parents, Mrs. Booth, Mrs. Ingie, and Mrs. Mandy.

Mrs. Schaefer, a Cranbrook Institute guide, conducted the planetarium demonstration.

The purpose of this school trip was to better acquaint the children with the material in the study of "Our Heavenly Bodies."

Preparation for this trip was begun about two weeks prior to the visit. Many audio-visual materials were used to all the children, including textbooks, movies that gave the children much in the way of review, and pictures.

Following the demonstration the children took advantage of the opportunity afforded them to see and touch something from "outer space." Touching the meteorite was a new experience for all the children.

As follows to the field trip the children saw a film titled "What Do We See in the Sky?" This was an exceptionally fine movie that gave the children much in the way of review, Mrs. Spencer commented.

With the accumulated knowledge at hand, the children were able to make very good deductions of some of the celestial things learned about; the phases of the moon and relative sizes of the sun, moon, and earth.

The field trip to the planetarium was the third such trip taken by the class.

## Friends of Library Hear Talk On Proposed Film Exchange

The Friends of Farmington District Library met last Tuesday evening in the library of the Junior High School on Thomas Street to hear William T. Peters, Chief of the Educational Film Department, Detroit Public Library.

He explained the advantages of film exchange membership of the Friends group. This is a project of the local "Friends" group is considering sponsoring if sufficient interest in it is expressed by local organizations and groups. Not a sufficient number of organizations sent representatives to this meeting, so no conclusions can yet be made.

If this program is sponsored, it would mean that over 1200 members of the Detroit Public Library would be made available to the residents of Farmington on a procedure that is quite similar to that of borrowing books. The details of this film service may be secured at the library.

The several classified lists of films are also there for study and consideration. It is hoped that group interest in the service furnished by the library will check into the details of the program promptly so that a decision can be made.

PETERS ALSO showed a 15 minute film on the Library of Congress, Washington, D.C., which described the many services, facilities and operations of that library not only to our Congress but to all citizens of the United States.

Norman Jackson was appointed chairman of the nominating committee to submit a slate from which four directors can be elected if the film service is to be secured at the library.

Miss Leona Sidwell, president, announced that the annual meeting will be held in January when this election will take place.

Membership dues are now payable for 1960. Since the number of dues has been initiated, the dues are \$2.00 per year, including two contributing members.
