

Westbrooke Manor

INGRID LAVENS, GR. 4-3532

WALT and Lucy Wesley have named their baby girl, Julie Anne. She weighed 8 pounds, 1 ounce and was born on February 23—and that is what you call an unusual birthday. Lucy's mother, Mrs. Fred Hughes, arrived from California to learn how her new grandchild.

Had a letter from our old neighbors, the Budinisks, who moved to Pennsylvania in December. They report that all is going well and that Marge is going to night school to learn to play golf.

Another neighbor, the Hurlins, who moved to Italy last fall, report that all is well. Shirley says it is amazing the way people stop and stare at their low-headed children after even stroke their hair.

If you are wondering how to perk-up the appearance of your house, why not try new flower arrangements. The Hill and Dale Garden Club is having an open meeting tonight at 8 p.m. at Dunckel Jr. High. Subject—flower arrangements by Harold Hutchings—sounds very interesting.

NORM and Doris Micheli are thoroughly enjoying their new granddaughter, Lori Deborah.

Ron Yoldman and his wife had the perfect solution to the Michigan blizzards. They spent two weeks in Texas and fished to their hearts content.

Apologies go to the Bobbe Freeman and Mary Bourdon whose names were mis-spelled in last week's paper. Also, while we are at it, the serv and serv are really the sew and sew.

In case you don't realize it, the Westbrooke Manor is always on the sports page.

Nutter Sent to Arizona Base

Staff Sgt. Robert L. Nutter, of Mr. and Mrs. Theodore Nutter, 2300 Glenbrook Dr., Farmington, has just arrived at Davis-Monthan Air Force Base near Tucson, Arizona for duty with 800th Operations Squadron. Prior to arrival he attended technical school at Sheppard AFB, Texas.

Nutter is a veteran of over seven years with the Air Force. He is married to the former Joy G. Dacus of Reno, and the couple have two children, Vicki Lynn, 5, and David Brent, 2.

 - Farmer Peet's Grade A Large Bologna 39c lb.

Dan Lowe Hardware

Meet Your Merchants

It took a long time but Dan Lowe has finally realized a long standing ambition — to own a hardware store.

Dan purchased the store bearing his name in downtown Farmington in 1955 after spending most of his life in the automobile business. He had this move in the back of his mind for several years and finally took the big step when the Farmington store was available.

BORN ON A FARM—Dan Lowe, 35, is a native of Farmington, where he grew up on the farm, which probably accounts for his great interest in gardening and lawn care. He is a strong advocate of lawn treatment to insure maximum results when the warm weather comes.

Dan got into the automobile business in 1927 starting as a salesman. Over the years he worked his way up into management positions and served as general manager of two different Pontiac dealerships, one of which was the largest in the country at the time Dan was at the helm.

Mrs. Lowe, the former Margaret Barnum of Shelby, Michigan, had the intention of "helping out" Dan on his hardware business when the couple started their operation here. However, as it has turned out, she is "on" much more than on the hardware.

Mr. and Mrs. Lowe review their inventory of Scott's lawn products. They are Scott's direct factory dealer in this area.

At Home in Old Homestead

Jacqueline Davis GR. 4-1230

Our deepest sympathies are extended to the Gibes family who drove to Peleton last week and to attend the funeral of Stan's sister.

THERE HAVE been several cases of measles and mumps in the subdivision this past week or two. A case of measles at the Morgan's resulted in a last minute transfer of the Old Homestead Association.

Prior to the annual meeting Monday night at the Lattimer's home, Mr. Floyd Cairns, Township Clerk, registered voters who had not previously done so.

Mrs. Danforth, 2249 Sherwood, Farmington, passed away March 7, suddenly, from a heart condition at her residence. She was born in Hungary April 20, 1893. Her husband, Norman Edwin Danforth, preceded her in death thirty-four years ago. She had resided in Farmington about eight years.

Mrs. Danforth leaves five sons and two daughters, Albert of Brighton; Irving of Novi; Frederick of Wayne; Joseph of Southfield; Edwin of Brighton; Mrs. Mary Ross of Farmington; and two daughters, Mrs. Mable Seifert of Livonia; twenty-eight grandchildren and two great grandchildren.

Funeral services will be held at 1:00 P.M. Thursday from the Spencer J. Rooney Funeral Home with Pastor Cyril Newman of the Farmington Assembly of God officiating.

The Applesides will meet March 12 at the home of Bob and Jean Radatz, 35799 Quakerown lane. Please call your reservations.

Mrs. Danforth, 2249 Sherwood, Farmington, passed away March 7, suddenly, from a heart condition at her residence.

Funeral services will be held at 1:00 P.M. Thursday from the Spencer J. Rooney Funeral Home with Pastor Cyril Newman of the Farmington Assembly of God officiating.

The Applesides will meet March 12 at the home of Bob and Jean Radatz, 35799 Quakerown lane. Please call your reservations.

Honor Hannan With Top Award

Charles D. Hannan, Farmington architect, was awarded the place honors by Catholic Property Administration Magazine at its architectural awards program February 29 in Milwaukee, Wisconsin.

Mr. Hannan's design of St. William's Convent, Walled Lake, earned him high praise in the small convent category.

The design of this design particularly meriting in the architectural use of natural materials for both interior and exterior, with good plan and scale.

The Kennelwood "Combes" under the guardianship of Mrs. Bettie McPhail and Mrs. Helen Figue were busy last Thursday painting jars and small cases.

Some of the girls were busy sewing and putting together their camp "kit" upon which they also be needed for their studies and excursions.

Just Saturday the group gathered at the McPhail home with "Pack" ready to go.

They later returned from these places they named themselves "in Mrs. McPhail's home for lunch.

CHS Boasts New Facilities

Clarenceville High School has recently installed a new Science Department, which is one of the most modern in the state.

The department includes the Chemistry laboratory, Biology room, and Physical Science room. Each room is provided with useful outstanding features, such as additional storage space where instructors can prepare experiments for their classes in advance. In addition to this, there is an area provided where students can work on outside projects, which includes work benches bordering a single wall of each room.

In the Chemistry lab there are six very well equipped student lab tables where four students can work at a time.

The Biology room has outstanding features which are special storage cabinets for a skeleton and torso. Also just of the Biology lab is a very well equipped Green House.

The Physical Science room was designed especially for use by both the Physics and Physical Science classes and in the opinion of the science faculty it is an excellent facility.
