It is with considerable pleasure that we announce that a portion of the Towar property has been sold. It includes that portion of the site above the dam, extending around to Lahser avenue. We are also pleased to know that it was purchased by Dr. S. D. Holcomb for the reason that this assures a great clean-up of the premises. The doctor's reputation for making his property shine is well known and we can safely assure our readers that this unsightly and unsanitary place will be made a beauty spot in short order.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Early Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Early Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and showing nature is doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for our free literature.
