The city has no real jurisdiction over a privately established utility easement. This was the opinion expressed by City Attorney Robert Kelly on a request made to the Council Monday night by Ralph Howard, 3425 Moore Drive, that vacates a 12-foot easement at the rear of his property. Howard wants the easement vacated, or at least a portion of it, to permit the construction of a back yard swimming pool.

Based on the attorney's opinion, the Council instructed Howard to submit his proposal to Detroit Edison and the Michigan Bell Telephone Co. If the utility companies give clearance then a pool construction permit will be granted, Howard was assured.

DURING discussion, City Attorney Robert Kelly questioned whether the center owner could be required to put up a masonry wall at his own expense. The zoning ordinance does not require this, he commented. It is required in the off-street parking ordinance, but this area directly behind the center is not really a parking lot but rather an area for deliveries, he added.

Two or three residents present at the meeting were questioned as to whether they would be agreeable to share part of the cost for constructing the proposed masonry wall. They indicated they would if the cost was reasonable. Other residents will be questioned on this same matter.
