

News from Bel-Aire Hills

LOIS COBT GR. 4-2021

I really don't know what's going on in Bel-Aire these days—my mother and dad, Mr. and Mrs. H. W. Allette, have been with us all week so I have been with them. They have just left in their new car for their home in St. Petersburg, Florida. The weatherman predicted 39 degrees for the night they left, so I guess they figured it was time to head south.

Given Report On Athletics

A detailed instructional report on the athletic program being offered junior and senior high school boys in the Farmington public school system was made to the Board of Education Monday night.

Athletic Director Jack Cotton and representatives from the coaching staffs for the two junior high and two senior high schools in the district gave reports on various phases of the athletic program. The objectives of such programs, the work that is done with boys, game and practice scheduling, insurance, equipment and various other subjects were discussed.

Emphasis was placed on the fact that a large number of boys take some part in the athletic program and that many different sports are offered making this possible.

This presentation is part of a series designed to keep Board members fully acquainted with all phases of the educational program being offered in our schools. Presentations at the second Board meeting of each month throughout the school year, the public is cordially invited to attend any and all of these presentations.

Forest Park News

HELEN MOOREHOUSE GR. 6-2817
JUANITA SNURE GR. 6-5944

Forest Park expects an abundance of witches, goblins, and "ghosts" from the "Halloween" when Wednesday night, October 31, swings around. The Association is sponsoring a Halloween party at the pool for all ages from 12 years old, at 5:30 p.m.

There will be free candy for every child and silver dollars given to the 20 best costumes. There will be begging throughout the sub. However, "remember after nine, the people in the sub will not answer their doors, so get agreement with the Association, so get out early to get your 'loot'."

WE HAVE THREE new families that have recently moved into our subdivision. We would like to introduce them to our friendly community.

As some of you know, Bob and Ellen McLean moved from 1858 W. 13 Mile Rd. to live in Arizona where Bob will become an assistant professor of science. The new people moved into the McLean's house last week. Gene and Irene Cook, Pal, 3 1/2, Mike, 4, and a chihuahua, named Cookie, are our new neighbors. Gene was transferred to Michigan from Wheaton, Illinois, and he is with General Foods Corp. Maxwell House Coffee division.

Herbert and Connie Fine and their family, including Danny, 3, and Jimmy, 5, have moved into the former Bob McLean's home at 22223 Ontario. He is with the Jani-King organization.

RICHARD AND RITA CRUDELY and their four boys, Brian, 1, Damian, 3, Alan, 5, and Mike, 6, have moved into the former 1858 W. 13 Mile Rd. home of the Spider Staging Sales Company.

Dr. J. Dettman and his family have just returned from a visit to the west. He is visiting relatives in St. Ignace and Milwaukee, Wisconsin. They spent several days with Harold Dettman, Jim's father in St. Ignace and then on to Milwaukee to visit with Eunice's mother and father, Mr. and Mrs. Elliott Walstead. They said the weather was perfect; the North glorious in its autumn dress.

Several weeks ago Emil Schmidt broke a bone in his foot and has been hobbling along in a wheelchair. He should be free of it in a few days, much to Emil's relief.

The floral arrangement class is still open, call Dene Heumann, GR. 6-2838. If you care to join, this is the time to learn some striking new floral arrangements with all the holidays coming up soon. Speaking of holidays, those of you who have not gone down Tredwell for a while should stroll past 21992 Tredwell and look at Mr. R. Frank's glorious array of mums. They are like a picture taken from House and Gardens magazine.

GEORGE RICEY HAS been named as FICIA president of William Crone, Elementary School because he has many business commitments; therefore he has very little time left over. A new president has not been named at this time.

Kiwanis Pick Officers for Coming Year

At the October 15 regular meeting of the Farmington Kiwanis Club held at Botsford Inn, new officers were elected to head the club and direct its community activities for 1963.

Walter Gale, who served as first vice president of the club this year, was unanimously elected to the office of president for the new year. Walter, a long time Farmington resident and Kiwanian, is employed as an administrator in the Detroit school system. Other officers elected to new posts are: Frederick Muller, second vice president; Alastair McGowan, secretary; Ronald Taylor, and treasurer, Russell Whyte.

The board of directors who served in 1962 and will also serve in 1963 are Bob Baxter, Lloyd Smith, and Clarence Hootnagle. Newly elected directors for 1963-1964 are Ralph Evert, Charles Mervyn, Robert VanEvery and Howard Richards. Installation of the new officers and directors will be held in December.

ACCORDING TO Tom Adcock, the retiring president, among the more significant of the many non-publicized charitable activities in 1962 was the establishment of an annual \$300 scholarship to be awarded to a graduate of the Farmington school system based on both need and ability. This scholarship is financed solely from the receipts of the familiar gum ball machines located in numerous business enterprises throughout the community.

Other charitable activities, Tom reported, are financed primarily through the contributions received during the Annual Kid's Day Peanut Sale and the sale of Christmas nut packages.

On October 23, several new members were inducted into the Kiwanis Club at the monthly Ladies Night dinner meeting held at Botsford Inn at 6:30 p.m.

Any Farmington City or Township resident or business man is cordially invited to attend this or any regular Tuesday night meeting if they are interested in working for the welfare and betterment of the children of the community.

YOUR PHARMACIST SPEAKS

By: JOHN D. SCHMALZ, R.P.H.

Nowhere in the vast complexity of Nature are the mysteries of life and death, and the struggle for survival more pronounced than among the microbes. These tiny, most microbes are not harmful to man, but all most are hostile to one another.

Thus, for some time, man has striven to follow Pasteur's advice "Use bacteria to combat a disease caused by other bacteria." Man has learned and learned to borrow from microbes the substances which they secrete to kill other microbes; the result—antibiotics.

Grace and Vernon Fisher, Alastair and Everett Billie, have just been to Tryon, N.C. They did not go together, but they were together there for several days. Grace and Vernon left on Oct. 5, but went first to Jackson for the hunter trials at the Waterloo Hunt Club, leaving Jackson on Sunday and arriving in Tryon on Monday. Alice and Everett drove down on Oct. 6 going directly to the Pinecrest Inn in Tryon.

VERNON RODE—he came back with Bob Weaver, three times the Weaver's came to the Inn for dinner with them. It was a week of beautiful weather—no rain in the 30's with the nights in the 50's. Alice and Everett went rock bounding in an old mine in the mountains near Franklin and gathered approximately an ounce bottle of rubies and sapphires. Everett will polish the stones and hopes to have some very nice star sapphires. The Billies had to return Oct. 14 due to Alice's jury duty—she felt most fortunate to get one week off.

Grace and Vernon stayed on until Oct. 17 and then drove via the Blue Ridge Parkway to Warrenton, Va., an area where many fine horses are raised and a big horse country. They then went on to Gettysburg and toured the battlefields. They reached home last Saturday evening.

Eleanor and Richard Deschodt drove to Chicago last week Tuesday to attend the open house at the Fisher Boat Plant. Richard, an engineer, was very anxious to go through the plant and Eleanor enjoyed doing so, too. They had dinner at interesting eating places each night and drove home on Friday.

CLARE AND THERESA McKay left here a week ago Sunday and drove down to the smokies in Tenn. They came home via Tryon and they, too, saw the Weavers. They reached home

last Saturday.

Mez O'Shaughnessy drove to Grand Rapids last week Monday to be there for a linen shower given for Kathleen Davis, Denis' fiancée. Their wedding date was last set for Nov. 30.

Last week Wednesday Mary Cochran, den mother for Den 5 of the Cub Scouts, took the boys to the Cranbrook Planetarium. The den is comprised of Gregg Boucher, Rodney Renfrew, Jim Tenney, David McGowan, Gary Cochran, Darrell Downham, and John Davenport. They enjoyed the trip very much indeed.

FLORENCE PLEWES had an tons of Christmas decorations.

operation at Ford Hospital last Friday. She is doing so well that she hopes to be home soon—and we all hope she will be.

Jack Ambrose got home last Saturday after another ten days at Beaumont Hospital. He is feeling very, very well indeed and the doctors report there was no heart damage.

Within the next few days Shirley and Jack Donn will be moving into the Bailey house at the corner of Wellington and Millbrook.

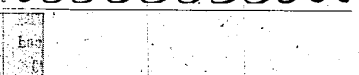

The next meeting of the Franklin Garden Club will be Thursday evening, Nov. 1, at 8 p.m. at the Ralph Marston, 20413 Mile Road, Mr. Harold Hutchings, who has a flower shop on Grand River, will talk to us about, and give us demonstrations of Christmas decorations.

Well, GEORGE ROMNEY, what are you going to do about the mess in Lansing?

First, let me say that only the people lose from all the bickering in Lansing. All the people.

Why all the bickering? The answer is that there is no leadership in Lansing. The legislature cannot lead. No committee can lead. Only the man in the governor's chair has the authority and the responsibility to lead the state government.

But no man, regardless of his authority and responsibility, can lead unless he has developed the ability to get people thinking and acting together. He certainly cannot get cooperation by blaming the

other fellow when things go wrong and taking all the credit when things go right.

We all lose when there is no leadership. We either get top-sided legislation which suits no one, or we get deadlock. The people can't win when we have deadlock and division in Lansing.

LEADERSHIP is necessary to get all sides working together to provide a government that can get things done for all the people of Michigan. I'd like to put my experience in leading people with diverse ideas to work for you.

Will you give me a chance to PROVE what a new team in Lansing can do?
