Communication

To my friends who are solicitous about the outcome of my "courtship" and I thank them for it.

Though the 4th of March is only 10 days away, it seems to me no question of how much I love, rather how much I am loved by my neighbors that is to tip the scale of my favor with the bright-eyed goddess.

And I wish to thank my friends, and that seems to be most everyone, for the kind and pleasant things they have said to me, "especially the ladies," about my candidacy for the postoffice.

And if you are a Democrat and have not signed my petition and wish to, kindly step in at H. W. Lee's and sign it.

Annual Meeting

The annual meeting of the Ladies' Literary club was held Wednesday afternoon at the home of Mrs. M. Hutton. Considerable business was transacted and the election resulted in the following officers being chosen for the ensuing year:

President—Mrs. Ella Irish
Vice Pres.—Mrs. Bertha Steele
Secretary—Mrs. Agnes Chas. Berlin

Treasurer—Mrs. Minnie Wilber
Librarian—Mrs. Florence Moore

The long deferred paper on "Italian Sculptors" was read by Mrs. Pierce, who used Perry pictures to illustrate the great artists' works.

Mrs. Minnie Wilber gave a piano solo which completed the session.

A special meeting will be held Wednesday evening, March 26, at the home of Mrs. Zayda Wilber, when Mrs. Minnie Wilber will read a paper on "Italian Painters."

Mrs. Wilber will use the reflectoscope to show the pictures of the great painters and we are sure that a good time is in store for the club. Every member's presence is desired.

The next regular meeting will be at Mrs. T. H. McGee's April 2.

The trend from Detroit out to the country is growing so great that all the suburban towns are beginning to feel the effect of it and property along the leading car lines is being picked up rapidly. The platting of a subdivision in Farmington is but an effort to accede to the demand for home sites that has become quite insistent.

All of the people who are looking for desirable country home locations are not those who work in the city and are obliged to make daily trips. There are plenty of people who, for various reasons, are looking for just such an opportunity as Farmington presents. They want to go to the country, but do not want to deny themselves the conveniences that they have become accustomed to, such as water, sewers, lights, etc.

Unless all signs fail, Farmington will be quite a different town within the next year or two.

It seems incredible, but Dearborn is really aroused. Everybody in the village is fully awake and the men are all going about with chips on their shoulders.

It all came about over the village election. For some unexplained reasons two factions wanted to be "it," and the squabbling led to a hot contest in which each side called the other fellows names and now everybody has got to prove what he said.

The closeness of the election brought out demands for a recount, but meanwhile some fellow broke into the town hall and destroyed the ballots.

As a state issue a Burns detective got into town on the quiet and installed a dictaphone in a prominent citizen's office and now they claim to have grounds for several slander cases.

It's refreshing to think that Dearborn has woke up, anyway.

Redford

Mr. Spicer has reshingled his house during the week.

Miss Carol Ramsey was home this week for the Easter vacation. Jay Newman says that if Henry Ford keeps on reducing the price of the Ford automobiles a hundred dollars a year he will have one in five or six years.

The funeral of Eber Durham of Bell Branch was held Monday and the body laid to rest in Grand Lawn. The funeral party came with the body from Detroit in a funeral car and the arrangements were in charge of R. B. Northrop of Redford.

Roy Hutchins was out Monday for the first time since he was taken down with scarlet fever. He has had a severe seige and was only able to get about with a cane at first, but is gradually growing stronger.

Miss Ida C. Knapp of Boston is visiting Mrs. Wetherbee for the week. Miss Knapp is said to be a talented singer.

John Hawthorn contemplates putting up another building for business purposes.

The Dorcas society will meet in the M. E. church for dinner March 28. All are invited.

All that is necessary to draw a crowd in Redford is to announce a supper in one of the churches and everybody, and more too, will be there.

Monday night the Baptist ladies served a St. Patrick's supper and for the time being everybody was Irish. It was a mighty good supper even if it was Irish and everybody seemed to enjoy it. The ladies served it very nicely as well as abundantly and the affair was a great success except Al. Lamphere's attempt to get away with a whole cake. His plan was frustrated when the cake slipped from under his coat to the floor. Even then it was not allowed to waste, but was speedily put where it was expected to go by the maker.

The Prevention of Cholera and Swine Plague

There is no doubt that the greater part of the losses which farmers sustain every year on account of the ravages of swine plague could be prevented if more attention were paid to the general condition of the animal's health. Worms are recognized as the chief cause of bad health in hogs, and it is a proven fact that where farmers and stockmen keep their hogs free from worms, their losses 10 times of swine plague and cholera are very much less. Not only that, but keeping stock free from worms pays big dividends every year in healthier animals, saving in feed and extra profits.

Every year this trouble costs farmers dearly, and should be a warning to all to get rid of the worms in their stock at once so they will be able to resist disease should it break out in their neighborhoods. One of the most highly recommended worm destroyers and conditioners on the market, and the one that is probably most widely used and endorsed by prominent authorities is "Sal-Vet" prepared by the S. R. Feil Co. Mfg. Chemists, of Cleveland, O. The reports following the use of Sal-Vet are most gratifying, and letter after letter received by Mr. Feil states that where Sal-Vet was fed not an animal was lost, while hogs were dying by the hundreds on all sides. Surely such a preparation is a god-send to farmers and stockmen at this time. In his large advertisement on another page of this issue, Mr. Feil offers to allow any farmer in this vicinity to try Sal-Vet 60 days at his own risk.

Simply call at the store of the dealer whose name appears below the Sal-Vet advertisement and obtain a supply with the understanding that if at the end of 60 days you are not pleased with it your money will be refunded in full.
