

JUDY BURNS
GR. 4-3112

The biggest news this week, the standard topic of conversation whenever a group assembles is of course the Kimberley Swim Club. After many months of behind the scenes activity and a great deal of preliminary leg work and paper work, the swim committee has presented us with the concrete opportunity to make this long hoped for dream come true.

Committee men are presently contacting all residents who indicated interest in a swim club on questionnaires distributed throughout Kimberley many months ago, and all residents who have indicated in the past since that time. If, for any reason, you have not been contacted, or are interested in a swim club, please contact the Kay Wright of Kiltaran, 476-0483.

THE FEE TO charter members, those residents who purchase a membership before April 1st of this year, is \$40, with the price jumping to \$45 after that date. A \$50 deposit is being requested at this time by the members of the swim club committee. However, the membership limited to 300 families.

To be situated on seven acres behind the school, the swim club plans include a three acre, olympic-sized heated pool and wading area for little ones, fencing, lights for night swimming, a bath house of some 2,000 square feet, a parking area for American, paved parking area, and picnic facilities, all slated for completion this summer.

The swim club will be discussed at the association meeting on January 29, at which time many pertinent questions will be answered. Be sure to attend!

What better way to begin the new year than by welcoming a number of new Kimberleyites!

PAT AND JOE POWDER and daughter, Marjorie, 14, have moved into their Pipers Lane Newport. Mrs. Mary of Detroit, spent a week in Kimberley on a holiday visit from Joe's parents, Mr. and Mrs. Leonard Powder of Indiana. Joe, by the way, is employed by the Speeding Corporation.

Welcome, too, to Dee and Bob Horst, new neighbors in the Atlantic II model on Barwell. The Horsts are the boys, Rick, 5, Johnny, 2, and Jeffrey, 6 months, formerly of Dearborn, where they and the Anderson family of Kiltaran, were neighbors for six

years. The two families are of course mutually delighted to again be in close proximity. Bob Horst's new Volvo's Garage, special-ists in truck repair.

JUDY AND HARRY Magee and their son, Bobby, 7, a Beechey second grader, recently moved into their Pipers Lane President model. The Magees, who prior to becoming Kimberleyites rented a home in nearby Alta Loma, are originally from the east but have moved nine times in ten years! Here's hoping their Pipers Lane address will prove more permanent. Harry is the director of personnel for the Detroit Division of the Kroger Company.

Last, but by no means least, the hand of welcome is extended to Carol and Jim Keel and their six, Christine, 11, Karen, 10, Laurie, 8, Jimmy, 4, Shawn, 3 and Kelly Ann, 6 months. New Year's eve! The Keels' home was not yet complete at the time of their move, and as a result Carol has since visited a weekly array of painters and carpenters. The family is looking forward to the day they can really begin to enjoy their new home. Jim, by the way, has the Keel Distributing Company, and owns three wholesale milk routes here.

INCIDENTALLY, the Keels and their six children are next door neighbors to the Keeneys and their seven, thereby providing that particular block of Greythorn with an ample supply of young enthusiasm!

Speaking of the Keeneys, I'm glad to report that Panorama is now back in the fold, after three weeks absence. A Mrs. Wait in Springland, a fair game, has given public thanks for reuniting the cat and her youthful owners the day after the Keeneys' cat appeared in the column last week. The Keeneys are most appreciative of Mrs. Wait, and I am appreciative of an unexpected expression of thanks from the older Keoney girls in the form of home-made cupcakes. It was entirely unnecessary, but a perfectly delightful surprise.

Also in the pet department, Sara Derederian of Kiltaran reports that her cat, who has been missing for some time, has been spotted in the neighborhood. The cat is a white and black tabby, and is about 1 year old. She is very friendly and is a good house cat. Sara is very grateful to the neighbors who helped her find her cat.

THE TURNS and their three children, vacationing on Long Boat Key, also stopped in Kimberley to visit relatives.

JOHN AND SHIRLEY, early Kimberleyites, will unfortunately soon leave the subdivision. John, with transportation Underwriters, an insurance firm, has been transferred to Indianapolis, the company's home office, effective at the end of this month. Shirley and the children, however, will remain here until their Nob Hill is sold. We're sorry to see them leave, but wish them well in their new locale.

In case you'd like a reminder that this is truly suburban living, a red fox surprised residents by creeping down the street in broad daylight in a most dignified manner, quite unconcerned by the double-takes he caused in passing.
