A yellow truck from the Industries will be collecting in the Farmington and West Point Park area on Tuesday. Why do more than 1,200 children under four lose their lives in home fires each year? The leading reason is leaving children unattended while parents are out of the house. When alone young tots often seek out the family match supply and play with them; also they become involved with heating equipment. A second important reason for children sleeping in rooms without proper exits so that they cannot be rescued quickly when fires break out at night.

R. H. ZIMMERMAN, Farmington High School band director (R), was the winner of a portable television set at a special Detroit event recently. Sixty area band directors attended the premier showing of Bundy brass instruments, designed by Vincent Bach, sponsored by Anderson Music Company, Dearborn, and H. A. Selmer, Inc., Elkhart, Indiana, manufacturers of the instruments. Congratulating the winner is Kenneth L. Ingram, Bundy sales promotion manager for Selmer.

## Belgian Exchange Student Gets Warm Reception at FHS

Two weeks ago FHS was fortunate enough to receive Belgian exchange student, Marie Rose Daym, who transferred from Rogers City, Michigan to Farmington.

From those Farmington students who have had the pleasure of meeting her comes comments which range from "She's nice" and "She's cute" to "She is so Americanized" and "She looks like everyone else."

Marie-Rose or Mickey, as she prefers to be called, says that she likes skating and both home and water skiing, but then adds modestly, "I'm not good in them; I won't tell you that."

She went on to state that her main interests are swimming and, of course, boys. Mickey then explained her interest in swimming. "My family belongs to a swimming club at home and my sister is a champion, so we all got interested."

"I came to the United States with the opinion of the United States, before and after she came here. From the movies and television programs which come from the United States I thought that everything was happy and nice, but when you come here things aren't really that rosy."

Although America isn't quite what Marie-Rose expected, she feels that the American teen has more freedom and responsibility than the Belgian teen and she likes it this way. She said that in Belgium the teens are looked after more by their parents, which was evident when she stated, "Parents aren't supposed to know when you go out with a boy."

**FRAN and JOHN Collins** celebrated their 12th wedding anniversary at a dinner party with Mr. and Mrs. Bud Gow and Mr. and Mrs. James Dolt, at their home on Saturday evening.

Cub Scout Den No. 4 opened their monthly pack meeting with the theme "Freedom." Each boy made his own Uncle Sam's hat out of paper plates and cardboard. The stripes were painted on and crepe paper was used for the blue and the stars. Each scout carried a large poster depicting a different symbol and in turn would explain it.

They used the Statue of Liberty as their Spotted Banneer, Capitol dome, eagle, Paul Revere and Uncle Sam. Upon reversing each poster, large red letters revealed at the end, "Freedom."

**Michigan Bell Packs Almanac With New Data**

Twelve occupations of significant importance in contemporary society are shown pictorially in the Telephone Almanac for 1963 now available in all business offices of the Michigan Bell Telephone Company.

In addition to information about the weather, astronomical data, and other interesting facts for farmers, businessmen, housewives and students, the new edition includes descriptions of such occupations as newspaperman, broker, housewife, and scientist.

Each day of the year is acknowledged by an important event, and puzzle fans will find a challenge in the full page rebus entitled, "Leave the Beat-est Track."

This is the 41st consecutive annual printing of the Almanac.

**Gets Surprise Of His 'Life'**

Edward Auler, son of Dr. and Mrs. L. Auler, 3535 Ridge Lane, was honored recently by the Life Magazine. One of his pictures was printed in the "Miscellaneous" page of the January 18, 1963 edition of Life Magazine.

This is a picture of Josie's Twist, a quarter horse owned by Sally Sax of Birmingham.

EDWARD has received a number of honors and awards with his photography in the past. At the present time he is a photographer for North Farmington High School, where he is in the Junior Class.

Edward hopes to go into the practice of medicine with his Dad, but in the meantime his two hobbies of horsemanship and photography occupy all of his free time.

Edward is a member of the Shawassaw Saddle Club, Farmington 4-H Club, an Explorer Scout (member of the Order of the Arrow).
