TOO TAME FOR HIS OWN GOOD: Usually a strictly nocturnal animal, the raccoon pictured above in a conservation officer's cage being viewed with interest by Stephanie and Michael Stanek, children of Mr. and Mrs. Michael Stanek of 23077 Cora

Street in Farmington, ventured forth in the daylight and had to be rescued from a small tree where he had sought refuge from dogs. The State Conservation Department has since provided him with a home in one of their many park animal shelters.

LEGAL NOTICES

AMENDMENT TO SEWER CONNECTION CHARGE ORDINANCE THE TOWNSHIP OF FARMINGTON ORDAINS: A. That Paragraph 1 of Sewer Connection Charge Ordinance adopted May 26, 1959, and effective June 5, 1959, as amended, is amended to read as follows: 1. That no parcel of property within the Township of Farmington shall hereafter be connected with any public sewer or drain until the owner thereof shall have first obtained a permit for such connection and shall have paid to the Township Treasurer a connection charge computed as follows: (a) For each dwelling unit located for to be located upon such parcel property the sum of \$350.00. A "dwelling unit" is defined as any building, part of a building or other enclosure, including house trailers or mobile homes, designed for occupancy by one family for residential purposes and having cooking facilities. With respect to trailer parks, every trailer space equipped or to be equipped with sewage disposal facilities shall be considered to be a dwelling unit whether or not such space is actually occupied by a trailer at the time of the application.

Human cross-circulation — permitting a second person's heart and lungs to pump the blood of a person under surgery — was developed by an American surgeon, C. Walton Lillehei, in 1954. A mechanical heart and blood purifier was used successfully for the first time in 1953 by John H. Gibbon, an American surgeon. Try A Classified Ad
