

WHY PUT YOUR MONEY IN BANKS

that only give you three and four per cent interest when the banks loan the same money at six and seven percent? Do not the banks make as much profit on your money as you do yourself?

I hope to build a lot of nice dwellings in Redford this summer and in order to do that it will be necessary for me to borrow some money. I therefore am offering first mortgages bearing

SEVEN PERCENT INTEREST

on these houses and lots. The mortgages to run from one to five years to suit the loaner. I can use either large or small sums, as you may happen to have. I will furnish perfect title, good abstract, pay all taxes and keep the property fully insured in your favor. You, therefore, have an opportunity to place your money direct and double your income.

ROYAL FAT BOY.

Prince Gustavus of Denmark, regarded as a stronger contender for the nebulous Albanian throne, is the sixth child of the late king of Denmark and a brother of the reigning king. King George of Greece is his uncle, and the dowager queen of England his aunt. Prince Gustavus is young, having been born in 1887. At eighteen he entered the army, where he is now a lieutenant in the life guards, and has lost none of the portliness which once gained for him the name of "the royal fat boy."

ALLAH HEARD HIS FOLLOWER

Arab Rescued From What Must Have Seemed to Him as Almost Hopeless Situation.

Soldiering in the Sahara has its humorous as well as its tragic adventures, however. An amusing tale is told of an old Arab, the father of one of General Laperrine's men. He was antelope hunting, and when half dead with thirst he reached a well forty-five feet deep. At the bottom he could see the delicious water, but, like Tantalus, could not reach it. Unlike the mythical martyr, though, he was not chained to the rocks, and as the well was not very wide he did not hesitate to let himself down part of the way, and finally fell into the pool. It was quite impossible for him to get out, but, like a good fatalist, he waited in his bath, praying Allah to send some travelers by. In these regions weeks and sometimes months pass without the wells being visited, but next day fortune favored him by sending some of the French camel corps that way, who were not a little astonished at hearing a voice from beneath. "Good day, Syrians" (as the Arabs call the Saharian troops), "you might send me down a stronger rope to climb up with." He had recognized at once the pattern of the Spahi rope, and knew to whom he was talking.

IRRESISTIBLE INDUCEMENT.

Her friend—If you don't like the hotel service, why do you stay there? Himself—My dear, they have such perfectly exquisite stationery.

ITS KIND.

"The member of the society with the very deep voice sang me a song of welcome on my return."

"Indeed! What I would call a bass reception."

TIME FOR IT.

"I've got the dot on you." "Then I guess it's time for me to make a dash."
