John K. Cotton
On Conference
Phys. Ed. Panel

Leaders in all aspects of health, physical education and recreation from coast to coast, 400 strong, attended the 78th anniversary convention of the American Association for Health Physical Education and Recreation, May 3-7 in Minneapolis.

Among those taking part in the meetings was John K. Cotton, director of physical education in the Farmington Public Schools, who participated in a panel discussion on the topic "Why Give Grades for Physical Education?"

THIS IMPORTANT conference reflected the work of these administrators and educators as they continue to implement the President's mandate to develop a stronger, healthier nation to meet the challenges of our times in today's highly competitive world.

Safety Patrol
Boys See Tiger
Baseball Game

One hundred fifty Safety Patrol boys from Farmington Schools attended the Tiger baseball game on Saturday, May 4. Leaving Farmington at 11:30 a.m., they traveled by school bus. The invitation to the game was offered by the management of Tiger Stadium as a small reward to safety boys for the many hours of work performed by them during the school year in protecting younger children at crossings and on the school grounds.

Needless to say, the boys enjoyed the game even though the Tigers lost. It is a question, however, whether it was the ball game or the food (ice cream, pop, hotdogs, popcorn) that they enjoyed the most at the game.

Little League
Season to Open

The North Farmington Little League Season opens on Saturday, May 25. The North Farmington High School band will lead a parade consisting of officers, players, managers and coaches of the Colt, Pony, Major, Minor and "T" Ball Leagues.

Marshalling at North Farmington High School, the massive parade will march down 13 Mile Road to the fields at Bond Stadium.

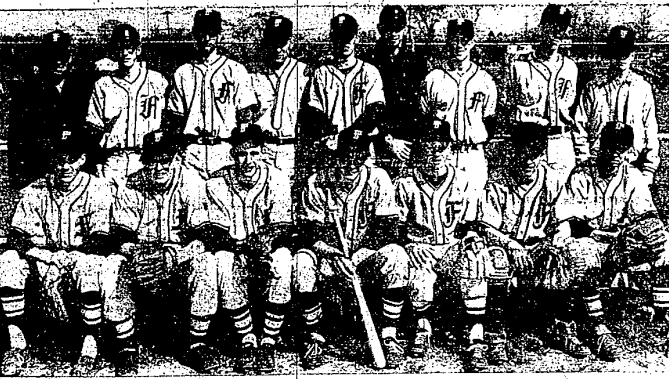

ALL 55 TEAMS, involving almost 1,000 boys, in the 5 leagues, needing 12 diamonds are now busily engaged in practice sessions awaiting the opening call of "play ball."

The increased registration has created additional leagues, highlighting a great undertaking in the provision of enough playing fields. Work is being completed on creating new facilities and previously existing fields have been vastly improved with everything pointing to a memorable season in 1963.

QUIETER PLUMBING

If water pipes chatter or hammer every time water is turned off or on, check to be sure the mounting straps are tight. Additional supporting straps hammered firmly in place should stop noise.

Mrs. George Romney addressed a dinner meeting in the First Methodist Church of Farmington on Wednesday evening, May 15, with approximately 300 persons in attendance.

The dinner meeting, sponsored by the Methodist Men's Club, featured the Governor's wife presenting a talk on the Mormon Church. The Governor is a former Deacon in the Mormon Church of the Latter Day Saints in Bloomfield Hills, and Mrs. Romney provided an interesting and revealing insight into their religion.
