## Boys Can Pit Gridiron Skill In Punt, Pass and Kick Contest

Farmington area grade school boys from eight through 11 can pit their football skills against thousands of other boys throughout the nation in the third annual Punt, Pass & Kick Contest which will culminate in a trip to Washington, D.C., for a White House tour, then to Dearborn, Michigan, and then an appearance at the National Football League Championship game for the top eight winners.

Sponsored nationally by the Ford Division of Ford Motor Company and the National Football League, the Punt, Pass & Kick Program—or PPKK—will be staged in Farmington by O'Green Ford, Inc., 30711 Grand River Avenue with The Farmington Little League Football Association, co-sponsor.

FARMINGTON youths will be tested for their ability to punt, pass and kick (usually a kicking) footballs on the same day as thousands of other boys all over the country, with warm-up jackets, football helmets and autographed footballs to be given as first, second and third prizes for each age group, or four top Farmington winners in all. Scores throughout the state then will be compared to determine the four top Michigan winners, and these scores compared to determine the most skillful eight, nine, ten- and eleven-year old fledgling football stars in each of the areas covered by the telecasts of the 14 National Football League teams.

Area winners and their families and mothers will receive all-expense-paid trips to the National Football League game in their area, and will compete during half-time in determining the four top Eastern Division winners and four top Western Division winners. These eight boys, accompanied by their parents, will visit Washington, D.C., where they will tour the White House. They will then travel to Dearborn, Michigan, and four Greenfield Village. The entire group then will go to the site of the NFL Championship game, for half-time competition to determine the four National winners.

JOHN O'GREEN, President of O'Green Ford, pointed out that there is no charge necessary in the competition, no charge for entering, and no special equipment needed. "Registration will be open from September 2 through October 11," he said, "with O'Green Ford as the registration headquarters."

In 1962, the second year of the PPKK Program, 43,921 boys entered the competition," he said, "and President Kennedy said that the program of this type will enable our youth to build the energy and strength that is their American heritage."

Mr. O'Green said entrants will be judged on the distance and accuracy of their punting,
