THE Wikler SHOE by Buster Brown.

Don't confuse The Wikler Shoe with Buster Brown with any other baby shoe. It is made over a last that conforms to the basic shape of the human foot—not one that cramps that foot into a pointed toe. This means that the foot of your child has more growing room, more space in which to exercise normally.

Forget about fashion—give a future to the foot of your child with The Wikler Shoe by Buster Brown.
