

"Be charitable and indulgent to everyone but thyself."
—Joubert

Charity is indeed a noble and beautiful virtue, grateful to man, and approved by God, but charity must be built on justice.

Charity is a virtue of the heart, and not of the hands.

New lawn food with scientific controlled feeding!

Greenfield Measured-Release Lawn Food

A scientific breakthrough in lawn feeding. Coated nitrogen particles automatically measure the amount of nitrogen released onto your lawn. Minute microscopic openings in the new coating "time" the release gradually as it's needed. Won't overfeed. Won't underfeed. Won't burn.

ANNE M. PHILLIPS MA. 6-6335

Conrad and Marian Lam left on the 13th and 14th to Rome, Italy, where Conrad took the two conventions. One was the International Society of Surgeons, the other the International Cardio-Vascular Surgeons Association.

Headquarters were at the Hilton Hotel with 3,000 registered from all over the world. While the men were busy with their meetings, special events were planned for the women, such as a fashion show, and tours about the city.

Every night there was a buffet at some point of special interest such as the "Diplomat" Buffet, Tivoli Gardens, etc., and a final banquet at the Hilton Hotel.

The conventions over, the Lams flew to Greece where they had a most interesting week. After sightseeing in Athens, they took the four-day Classical Tour which took them to Delphi, Olympia, and Corinth. They also took a one-day boat cruise to the Greek Islands. They reached home about midnight Sunday.

THE MISSALS, Tyghams, and Weighlins went to the Greentree Hotel in White Sulphur Springs, Va. last week.

Maury and Mary drove as Maury was combining business and pleasure. Bill and Helen, Fred and Zella, took the Saturday evening C&O trip, preaching the Greenbrier Sunday morning.

Of course the men played golf each day, going around each of the three golf courses once and repeating on one.

Foreign Exchange Club members of North Farmington High School are going to have a pumpkin sale to raise money for that worthwhile cause. Please wait to buy your Halloween pumpkin until two weeks from today, the 17th, when some member of this group will be in Wood Creek selling pumpkins.

THE FRANKLIN Garden Club will meet tonight, at 8 p.m., at the home of Ellen Ambrose, 2834 Wellington, here in Wood Creek. Mr. E. McDaniels, of the American Perennial Gardens in Garden City will speak to us on perennials.

For 1964...Comet announces a car that's every bit as hot as it looks...

Comet Caliente

This is the beginning of a new kind of Comet. Hot, husky, handsome—top series in Comet's '64 lineup. Engines range up to a 4-barrel Cyclone 289 cu. in. V-8 in all Comets.

"Caliente" means hot...

In Spanish. And this new Comet speaks the language. It looks hot. And it is! Your choice of four engines provides the punch. The topper is a big Cyclone 289 V-8—most responsive in Comet's field. More choice:

Now Comet offers 3 series...

the top-of-the-line Caliente, and the economical 202 and 404 series. Ten models... all bold and racy. A wide transmission choice, too, including a smooth, silent, new Multi-Drive Merc-O-Matic—unmatched at the price.

Elegance at a compact price

Prime example of Comet's new elegance is the Caliente, with the warm look of walnut on the interior trim... plus lavish biscuit-pattern upholstery.

Power steering... power brakes...

AM-FM radio... air conditioning... every luxury option is available in the new Comets. You can even get... but not ask your Mercury dealer about it. Soon.

COMET... A Mercury Product.
