News From Briar Hill

FRANCES MANN MA. 5-5416

Saturday Jack and I were away from home quite close to him. About now the Nortons would appreciate a few quiet days with nothing to do.

I don't know what the chances are of being called by a radio show giving away some prizes last week. A "good neighbor" from Pontiac called to tell me I would be called from the Bob Lawrence Show on Station WFOV in Pontiac and she gave me the address of the day they would ask about it and sure enough they called it. I was the right phrase and we both are to receive a transistor radio, so now we have answered the telephone with great expectations.

CASEY ARKSTEIN of Belconore, entered a hospital last week for surgery on the hand which was damaged in a layover last summer. The end of this week should find him home again recuperating.

Cloria and her family left for two days of canoeing and a night sleeping under the stars. They weren't on the water for five minutes when a terrific wind and rain storm blew up and when they pulled out at five, everything was drenched. They night was spent in a cabin and on Sunday they tried canoeing again and endured eight quick showers throughout the day. But in spite of all the trouble, the panorama of the countryside with the autumn colors at their peak was worth every minute of it.

TWO VERY important meetings coming up on the P.T.A. meeting will be Tuesday evening, October 8, at 8 p.m. at the home of Mrs. Eva Behrhardt and all are invited to attend and bring a friend. Club members are asked to start saving things for the rummage sale planned for Thursday and Friday, Oct. 30 and 31.

Boy Struck by Auto While Riding Bike

Jeffery David Koertge, 4, of 1405 Jacksonville Street in Farmington, was seriously injured Tuesday, September 24, when the bicycle he was riding was hit by a car driven by William L. Hopkins, 39, of 21134 Onlago.

The accident occurred at the intersection of Shawnee and Michigan streets in Farmington Township. Witnesses said the boy entered the intersection from Withington without stopping. Hopkins was not held.

Appointed New WMU Athletic Trainer

Douglas E. Paul has been appointed assistant athletic trainer at Western Michigan University. He is a 1959 graduate of Central Michigan University and received his M.A. degree from the University of Michigan in 1961.

Paul formerly taught elementary physical education in the Farmington Public Schools.

In case you missed seeing Key Norton around the end of summer, it was because she and her mother and her daughter, Pat, were in California for three weeks.

She came home to take her son to college and attend a three-day church conference. Then last week Al suffered the loss of an uncle who passed away.

The next program will be No. 44, "The Story of Joseph and Mary," presented by the Trinity Episcopal Church, Farmington will speak March 10 will be "Preview of 1964 season of Stratford Play" at Stratford and the final one will be April 14 and the program is "Preview of 1964 Metropolitan Opera Season."

NEIGHBORS ON Old Red celebrated a most special day - Irene Young and young John Lewis. The day was September 24 and both enjoyed ice cream and cake. Earlier in the month, on the 17th, to be exact, Steve Young had his birthday with the family helping him celebrate.

Be a smart Santa! Use our Layaway Plan to reserve your

Ground Breaking For New Church Set

The traditional ground breaking ceremony for the new edifice of the Nardin Park Methodist Church will be held this Sunday, October 6, on the building site located on 11 Mile Road just west of Middlebelt Road at 4 p.m.

Plans for the first unit call for a sanctuary seating 500 people with a capacity of 800, a social hall with complete kitchen, fully equipped nursery and Sunday school classrooms for 30-40. Future plans include a chapel and additional classrooms. The architect is Harold F. Fisher.

- Prompt Repair Service

OFFICE HOURS: Daily 10 a.m. to 8 p.m. 10 a.m. to 4 p.m.

First showings: the 1964 Lincoln Continental. Discover the greater spaciousness behind its classic profile.

When you inspect the new Continental you will discover why more than half the people who buy in our price range choose the Continental.

Come in, and inspect the new Continental yourself. Its profile is only three inches longer than in 1961-2-3. Yet you will find a roomier rear compartment, with four inches more leg room and 2.5 inches more knee room than in 1963. This makes for twice the knee room at Wixom, 1961 and 1962 Continental. And the luggage compartment is 15% larger, for a total increase of 33% over 1961-2.

But with all this added space, the Continental retains all the qualities that set it apart from every other automobile:

1. Timeless styling is a prime reason the Continental retains so high a value.
2. The Continental is available in just two models: the sedan and the convertible. There are no lower priced models, because there is no compromise of its standards to offer lesser versions.
3. Both the sedan and the convertible have four doors opening at the center for the easiest entrance. Continental offers the only American four-door convertible.
4. The unusual rigidity of integral construction contributes to its unequalled ride.
5. Within, virtually every luxury is included as standard equipment.
6. The Continental also includes full power auxiliaries as standard equipment.
7. The Continental is built at Wixom, Michigan, in a special plant which sets the world's highest standards of precision automotive engineering.
8. No other car is so thoroughly tested. Every Continental must pass 189 road performance tests in addition to thousands of examinations and inspections during manufacture.
9. The Continental is uniquely free from maintenance. It is constructed to last.

Before you decide on your next automobile, drive the Continental. It is the world's finest automobile. Please call us, and we will be happy to arrange a demonstration at your convenience.
