**Death Claims City's Eldest Citizen at 100**

Mrs. Sarah Davis, Farmington's celebrated centenarian, passed away Monday evening, October 14, nearly five months after her one-hundredth birthday.

Mrs. Davis, who was born on her birthday last May 21 when she received greetings and congratulations from her family, friends, neighbors, Mayor Robert Lindbergh, and the Farmington Board of Education, died peacefully after an illness of about one month.

She had just recently moved from her home for the past 17 years at 3700 Brookdale Avenue, which she shared with a son, Fred Davis, to the Ardmore Convalescent Home in Livonia.

MRS. DAVIS was listed as the community's oldest citizen during special ceremonies last spring in connection with the dedication of an historical marker at Farmington's Soldiers Inn during Michigan Week.

Farmington Mayor Robert Lindbergh had extended to her the congratulations of the City's official family on achieving a celebrated one-hundredth birthday.

She was born in Parkhill, Ontario, May 21, 1863, the daughter of August and Catherine McDonald McPherson. Her husband, Harvey Davis, died April 1946.

**SURVIVING HER** are three sons, Fred S. of Farmington, George A. of Farmington, and Charles H. of Detroit, one daughter, Mrs. Edith Martin of Southfield. Another son, Frank, is deceased.

There are 15 grandchildren and 39 great-grandchildren also surviving.

Mrs. Davis came to the community in 1946 from Bellows Falls, Vermont. She was a member of the Our Lady of Sorrows Parish in Farmington.

Funeral services will take place today (Thursday), October 17, at 10 a.m. from Our Lady of Sorrows Church.

Rosary Service was held Wednesday evening, October 16, at 8 p.m. from the Spencer J. Deane Funeral Home in Farmington where the body rested.

Burial will be in St. Peter's Cemetery in North Waukegan, New Hampshire.

THE COUNCIL CHAMBERS in Farmington's new Municipal Building now are complete with the presentation made last week of the American Flag. Pictured above making the presentation to Farmington Mayor Robert Lindbergh (extreme right) are officers from Groves-Walker Post 346, Farmington's American Legion Post, (L to R) Jerry Yauger, Gordy Niles, Charles Currie and Hal Quinn.

**Support Detroit On Tax Position**

The Farmington Board of Education went on record Monday night as being in accord with the Detroit Board of Education that any statewide tax reforms program should provide for more money for school needs from sources other than local property taxes.

It is the Detroit Board's contention that if a state income tax program is to be put into effect then provisions should be included whereby school systems would be able to levy an income tax to be collected by the state and be returned back for school operations. Detroit Board members' hope is for consideration of some plan similar to the "piggy back" plan spelled out for cities and counties to get income tax revenues as proposed in Governor Romney's present tax reforms package.

Supt. G. V. Harrison indicated.

Included as a part of the Detroit Board's proposal is that a Federation of school systems be formed to implement the collection and return to the various local school systems by the state any non-property taxes collected, such as income taxes.

The secretary of the Farmington Board was instructed by Board members to write a letter to the Detroit Board indicating that they concur with the Detroit Board's position on this matter.

The Detroit Board is now making a direct appeal to the Governor and State Legislators on this matter.

**Twp. Sanitary Fill Permit**

(Continued from Page 1-A)

Only one Board member, Township Treasurer Elise Avery, continued to register objections to the proposal. She was the only dissenting voter on the resolution calling for the draft of an agreement between the Township and the Munn Company and indicated she would vigorously oppose the issue when it comes to a vote on the issuance of a permit.

IT HAD BEEN expressed by the Board on numerous occasions before when the controversial proposal was under discussion that a sanitary fill operation is undesirable. The alternative offered to the Board of facing a law suit should they reject the request for a permit is also undesirable and, it felt, could lead to a far more objectionable situation.

After months of consultations with engineers, land attorneys, and other professionals involved in the case, most Board members are of the opinion their best course of action is to grant the permit and control the sanitary fill operation with the agreement called for in its landfill ordinance.

The Board is not anxious to have another experience such as resulted in their unsuccessful court battle to block a similar operation on property owned by Emma Keller at Grand River and Middlebelt. The Keller property was filled under a court decree which the Township had very little effecting means to control.

**LITTLE DOUBT** is held by Township officials that the Munn Company would not take the case to Oakland County Circuit Court if the permit was denied by the Board.

It was pointed out by Supervisor Hall that the Munn Company has already expended considerable money preparing environmental surveys of its proposed sanitary landfill and it is

**Strong Protest**

(Continued from Page 1-A)

buildings attract transients who have no real community interests or concerns and that numerous police problems occur in areas where there are a number of apartments.

MANY OF those at the hearing questioned highly the need for all the apartment units proposed in the community.

The hearings which started at 8 p.m. were still going strong and ended about 11:30 when a adjournment was finally called for by the tired and somewhat bewildered planners.

Between now and their next regular meeting on November 11 it will be up to the planners to weigh all the information given and plans presented and then decide whether to recommend to the City Council that the rezoning requests be approved or rejected.

The final decision rests with the Council. The Council may either follow the planners' recommendations or decide for themselves what to do. The final decision will be on controversial matters of this kind second public hearings, before the Council are normally scheduled.

**Three Injured In Twp. Traffic Accidents**

Farmington Township Police answered two accident calls this past week in which motor vehicles were seriously injured and one traffic mishap in which a small boy was hit by a car and injured seriously.

Robert Blair, 23 months old, was taken to St. Mary's Hospital with serious injuries he suffered Thursday, October 10, when a car driven by Ester Wakeman, 40, of 27041 Tuck Road in Farmington, struck him as he darted out from a building in the trailer park at 25000 Middlebelt Road.

**RICHARD LINE**, 17, of 51250 Eight Mile Road in Farmington, was seriously injured when he was driving west on the road and struck a utility pole at 12:30 a.m. Sunday, October 13. He was taken to Redford Community Hospital for treatment.

Carl E. Reitzel, 42, of Willet Lake was seriously injured Saturday, October 12, when his car rammed into the barrier at the end of the Grand River Avenue service drive in front of the Grand River Drive in Theriot.

**Tribute Paid to Former Twp. Firemen Here**

Farmington Township Supervisor Curt Hall this past week paid tribute to the men of Farmington Township's volunteer fire department as part of the community's observance of National Fire Prevention Week.

Supervisor Hall credited the men with serving the community well in past years with many acts of bravery and courage which have gone unnoticed. Special praise was given to several members who have served as Township firemen faithfully for periods of more than twenty years with little or no recognition.

THE PRESENT Township Chief of Station No. 1, George Hume, cited outstanding service rendered by long time area residents who served with the Township volunteers.

Harrison Johnson and Fred Maas were two of the volunteers who served prior to 1920 and were active until comparatively recent years. Ed Thayer, who joined the volunteers in 1920, still serves as the assistant chief at the Township's No. 1 Station.

**LEO HENDRYX** and Bob Rozemboom were veterans with more than twenty years service as was Henry Mahoney; Bob and Matt Cairns and Jack Simpson. Others who served many years with the fire department were John Spaller, Howard Osmus, Russ Rozemboom and Frency Goulet.

Chief Hume said the total number of volunteers now on call at the Township's four fire stations exceed 70 men. Each station today carries a complement of between 15 and 20 men, he said.

A continuing program for research, education and patient services is supported by the Michigan Chapter of the Arthritis and Rheumatism Foundation.

**LEGAL NOTICE**

Clareville Schools intend to purchase by October 31, miscellaneous physical education equipment for high school use, including the following: Details and forms may be obtained at Board of Education Office, 28000 E. 8 Mile Road, Farmington, GR. 4-8000.
