TO THE FAMILIES WHO OWN THE 1,491,395 ELECTRIC APPLIANCES REPAIRED BY EDISON

Nearly one million three hundred thousand of your electric appliances were repaired by Edison in 1962 without extra cost to you. About 200,000 more, for which there was some moderate charge, were also repaired.

Much of the work was done by experienced Edison people. Also capable handicapped people, employed by Goodwill Industries, supported themselves by repairing 182,000 of the appliances you brought in. They, too, are competent and conscientious workers and we are happy to have their participation and assistance.

Edison offers other services that cost nothing extra. These include the exchange of a variety of light bulbs and of fuses and appliance cords. There are advisory services for the homemaker to assist her with fighting, cleaning, laundry and kitchen planning. For the homeowner there's advice on home heating, water heating, wiring, and helpful suggestions about shrub and tree planting near electric lines. Similar types of services are offered to churches, schools, business firms and other establishments.

These services are brought to your attention because many of you may not be taking fullest advantage of them. Perhaps you are new as an Edison customer or perhaps you have just overlooked some of them.

People, moving to other areas, often write back to their friends to say how they miss Edison's extra services. From their comments it seems to us that Detroit Edison is an exception in providing such services without any extra cost to you.

Our Edison service is a broad service. It includes all the items described above, and all the electric energy you need. We like to feel our services are the kind that serve you well, and at a fair and reasonable cost.
