New electric cables for the Edison Co. are being strung along Grand River, the workmen now being engaged between Redford and Farmington.

In about two weeks this paper will begin the publication of the serial story, "Fran." This story is one of great interest and is worth reading by everyone.

"There's only one Woodward" is the slogan of our neighbors to the east, but they have recently discovered that there's a Grand River and that it is liable to be a horn in their side.

The board of supervisors of Oakland county will meet on the 28th in special session for the purpose of extending the boundaries of the village of Royal Oak and to also approve of some new subdivisions in the county.

Miss Ernestine Pierce will resume the study of music this week at the Detroit College of Music, where she will be the pupil of Mrs. Louise Unsworth Cragg, head of that institution. Miss Pierce will enter next fall in the normal course to fit herself for her chosen profession, that of music teacher.

Through their salesmen, Mr. Kennedy, the Perry-Mortenson Co. have already sold eight acres of the new Warner subdivision. This whole plat will soon be disposed of or there is a great demand for village property near Detroit and here is nothing more desirable than this particular subdivision.

Lots on the new Warner subdivision in Farmington can be purchased on a very easy payment plan by those who want to secure one or more on those terms. Pay \$10 down and \$5 a month and you'll never miss the money, but will soon have a valuable lot. See Mr. Kennedy or enquire at the printing office.

Mrs. Wm. H. H. Smith and Miss McIlwain spent Tuesday in Pontiac.

John Broegman's house, west of town, burned to the ground Tuesday morning.

If you start to read the new story "Fran" you'll come to it for it will grip you tight.

Have you bought a Farmington lot yet? Don't be foolish and let the best go to the outsiders.

The April meeting of the Oakland County Horticultural society will be held at the farm house of E. J. VerDine, a little north of Novi village on Saturday, May 3. This will be an important meeting. O. K. Abite of the M. A. C. will give a lecture on pruning, supplemented with a practical orchard demonstration. The meeting will open at 10:30 a. m. and a luncheon will be served at noon.

### M. E. Church Notes

The official board met on Tuesday of this week at 2:30. Mrs. McGee was appointed as committee of one to arrange at a cost not exceeding \$30 for the installment of a vacuum cleaner in the church.

In order to stimulate an interest in the Sunday school and church attendance the board has decided to hire two teams, beginning Sunday, May 4. These teams will have respectively Nichols corners and Pierson's corners on each Sunday at 9:30, standard time, and any and all are invited to use this easy means of attending divine service on Sunday morning. The children are especially offered this opportunity, but adults are just as free to come to the limit of the accommodation provided.

The League orchestra will put in appearance on Sunday at the evening meeting. It is hoped that this will be successful in attracting large number of young people to the League service.

We had an attendance of 96 in the bible school last Sunday. Will you try by being present on next Sunday to make the total up to the century mark.

The Boy Scouts are well on the way to complete organization. A great deal of interest is being shown by the boys toward this movement. It is a sane, healthy work and provides the growing boyhood of our country with ideas that make for ideal citizenship and self reliance.

The pastor will preach morning and evening.

### THE MEASURE OF SUCCESS.

He has achieved success who has lived well, laughed often and loved much; who has gained the respect of intelligent men and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem or a rescued soul; who has never lacked appreciation of earth's beauty; who has failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction.—Stanley.

## Land Value Almost Doubled

WHEN a Lee county, Illinois, farmer bought a run down 400-acre farm, his neighbors thought he had made a bad bargain. After three years' soil treatment by scientific methods, he raised more than eighty bushels of corn to the acre on land that produced less than thirty bushels the first year he farmed it.

It is no longer unusual for us to get reports from farmers who have been using manure spreaders consistently for periods ranging from three to five years, to the effect that their land is regularly raising so much more produce that the value of the land is almost doubled.

## I H C Manure Spreaders

are made in various styles and sizes to meet all conditions. The low machines are not too low to be hauled, loaded, through deep mud or snow. I H C spreaders are made with trussed steel frames in wide, medium and narrow styles; all of guaranteed capacity. There are both return and endless aprons. In short, there is an I H C spreader built to meet your conditions and made to spread manure, straw, lime, or ashes as required.

I H C spreaders will spread manure evenly on the level, going up hill or down. The wheel rims are wide and equipped with Z-shaped lugs, which provide ample tractive power. The rear axle is located well under the body and carries most of the load. The apron moves on large rollers. The beater drive is positive, but the chain wears only one side. The I H C dealer will show you the most effective machine for your work. You can get catalogues from him, or, if you prefer, write

## Studebaker

"Yes, our new wagon's a Studebaker—the only kind we KNOW"

"The Studebaker idea has been in our family for sixty years. We have never thought of buying any other kind of a wagon."

"It's true, we're continually being offered other wagons costing a little less, with lots of promises as to what they will do. But we know in our family what a Studebaker will do. A few dollars difference in price doesn't mean much. It's the service a wagon gives that we consider most."

"Long service for a fair price means more every time than short service for a few dollars less."

"That's why we stick to Studebaker—and stick to Studebaker is a pretty good motto for a man who uses wagons."

"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."

"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."

"Look out for the dealer who tells you his wagon is just as good as a Studebaker. That's my advice after a good deal of experience—and the experience of all of my people. You get a Studebaker and you've got a safe investment."
