# Local DeMolay Boys Present Yule Concert

Farmington Chapter, Order of DeMolay, presented the General Motors Chorus in a Christmas Concert Friday, December 6, at the East Junior High School.

The renowned choral group, under the direction of Mr. Frank Murch and consisting of over one hundred men and boys, sang both sacred and traditional selections.

THEY CLIMAXED the program with some spirited popular numbers. The fact that the audience filled but a small part of the gymnasium did not deter the presentation of an outstanding program.

The Christmas Story, taken from the Gospel according to Luke, was woven into a background of Christmas music.

MR. AL ROSS, now in his eighty-fourth year, and a long time resident of Farmington, read the Scriptures with reverence and feeling.

Altogether, the program was a moving and rewarding experience, and was warmly received by those present. It is regrettable that there was not more public support of this fine project undertaken by the young men of DeMolay, since it was certainly an outstanding cultural event, according to DeMolay spokesmen.

Just a brief column this week, in haste after spending last week with our families in St. Louis.

Thompson • Brown has announced that their fourth annual outdoor lighting contest will be judged on Monday night, December 16. Five Farmington subdivisions, Kimberley, North Kimberley, Kirkwood, Kendallwood, and Briar Hill, will each be awarded a first, second, and third prize. In addition, a grand prize winner will be selected from one of these subdivisions.

Kimberley's judges this year are Darrell Collier, Jean Marshall, Ivra Smith, and Larry Pflieger. They will tour the subdivision on Monday, Dec. 16, from 6:30 p.m. to 9:30 p.m. All residents are reminded to have their displays lighted during these hours so that you may be included in the judges' Thompson-Brown officials will then select their grand prize winner from among the subdivision winners on a subsequent night.

Our judges will choose four best-decorated homes on the 16th, a first, second, and third place winner plus an alternate in case the grand prize is awarded to Kimberley. Last year Thompson-Brown's grand prize was won by the John Hussays of Pipers Lane, and in 1981 by the Darrell Colliers of Dundalk.

First winners in the subdivision are: last year, first prize, the Reameses of Kiltaran; second, the Colliers of Dundalk; and third, the Tournads of Greythorne. In 1981, first, the Hussays; second, the Colies of Barwell; and third, the O'Donnells of Greythorne.

A LAST MINUTE reminder that there are still a few tickets when her car was hit broadside

left for tomorrow night's Christmas dance. Anyone who was somehow overlooked in a house-to-house canvass or who would now like to invite a last minute guest may obtain a ticket by calling Lili Clark, GR. 4-3317.

Quite a population explosion due in Kimberley during 1964, as a number of our families are incubating. Third offspring are nurtured by the Lombardis of Pipers Lane and the Meyers of Greythorne, while Neil and Gerry Garrett of Kiltaran expect number four. The Churchills of Dundalk will add their sixth D to Donnie, David, Diane, Doreen, and Dale in June, and the Kourtlans of Fiddlers Green will have number eight to join the Armstrongs, Heinzen and Gully families as Kimberley's largest. Sally and Mike Klein of Westmeath are delighted by the advent of number two.

Four quick birthday bouquets to award this week: happy fifth birthday to the Howard twins, Janice and Julie on December 15. Happy eleventh to Marcia Albrecht on December 3, and a happy second to little David Hawthorne on December 6. Also a happy third to Diane Churchill on December 2.

Sympathy is extended to Duane and Stasia Churchill of Dundalk upon the death recently of Stasia's grandmother, Nastasia Novak of Collinsville, Illinois. Mrs. Novak, for whom Stasia is named, was 100 years and 8 months old when she passed away.

CHARLENE HEUER of Kiltaran is doing nicely following her automobile accident on Friday night, December 6. Charlene was taking daughter Pam

as she made a U-turn on one of Kendallwood's streets. Charlene was thrown from the car and consequently suffered stitches in her head in two places. Pam has three stitches above one eye and several small cuts on her face.

Noted all those pipes along Kimberley's boundary on Eleven Mile Road? City water on the way at last, with a tentative completion date of April 11.

## Now Teaching In Classrooms

One of the most essential phases in preparing new teachers is now in progress for the fall semester at Western Michigan University, with 400 students from the School of Education being placed in southwestern Michigan classrooms.

Under the guidance of experienced teachers, these newcomers to the field are spending one semester of their senior year teaching in their subject fields and learning just how schools run.
