Christian Science Bible Lesson Set
The effect of the resurrection on Jesus' disciples will be one of the themes at Christian Science church services this Sunday.
Both Matthew's and John's account of the resurrection will be read as part of the Bible Lesson on "Healings."
Also included will be this passage from the Christian Science textbook: "Through a 11 the disciples experienced, they became more spiritual and understood better what the Master had taught."
His resurrection was also their resurrection.
It helped them to raise themselves and others from spiritual darkness and blind belief in God into the perception of infinite possibilities. (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 33).
