Michigan has four times as much water area as any other state - 11,331 inland lakes, 36,350 miles of streams, and 3,251 miles of Great Lakes shoreline. Nearly half of Michigan's 83 counties have frontage on the Great Lakes.

**Now Serving Aboard
Coast Guard Cutter**

Coast Guard Lieutenant Donald S. MacKenzie, son of Mr. A. T. MacKenzie of 21925 Inkster Rd., Farmington, is serving aboard the Coast Guard Cutter Papaw undergoing repairs in the Savannah Machine and Foundry Company shipyard in Savannah, Ga.

The repairs are of a routine nature with emphasis being placed on the cleaning and painting of the cutter's hull. Papaw, which normally operates out of Charleston, S.C., maintains aids to navigation in the Charleston area. She also helps other Coast Guard units in performing search and rescue operations, port security duties and in the enforcement of Federal maritime laws.
