

Topless Suits Ruled Out Here

Topless swim suits, the latest fashion fad to take the limelight, may be allowed at some private clubs in the future but not at the Farmington Country Club.

At a recent meeting of the board of directors of the Farmington Swimming Club, which is connected with the Farmington Country Club, it was voted unanimously that topless swim suits for women would be strictly "taboo" on the premises.

The Farmington Country Club also announced that it will hold its annual Champagne Party, Saturday, June 27. Featured along with the champagne will be steak dinners. There will be dancing to the music of George Alfano and his band.

Rep. Ray Baker to Seek 3rd Term In the Michigan Legislature

ing on a balanced budget with a treasury surplus.

In the House of Representatives, he is a member of the liquor, insurance, conservation, drainage and metropolitan affairs committees, being chairman of the latter.

A Republican, he is a former member of the Berkeley City Council and has always been active in civic affairs. He has been honored with a life membership of the Berkeley Exchange Club, an honorary membership in the Michigan Pharmaceutical Association and has received many citations for his contribution to business and community life.

Letter Comments' City Trash Collector

A letter from Mr. and Mrs. William F. Butler of Cloverdale Street commending the fine job being done by Gus McGreevy in making garbage and trash pickups for the City of Farmington was read at the regular council meeting Monday night.

Mayor Robert Lindbert commented that a letter of this kind was always highly welcomed in view of the fact that most letters are only written to the council when citizens wish to request something or voice a complaint.

Johnson Doing Project Work

Sixty-three students and 16 faculty members at Albion College have initiated project work under a new six-week Summer Honors College. Among them is Phillip Johnson, Farmington senior and the son of Mr. and Mrs. Philip A. Johnson, 3206 Wayburn.

The program consists of 12 projects which are designed to provide unusual learning experiences for both students and faculty members. All student participants are receiving full tuition and a maximum of six hours of academic credit.

The project includes courses in Theoretical Physics and Experimental Physics as well as research work in special areas.

Bike Rider Injured In Car Collision

Youngsters riding bicycles in the community during the vacation months away from school were warned this week by Farmington Township Police Chief Irving Vokes to stay alert to the dangers of traveling on area roads.

The warning came in the wake of a bike-car accident on Saturday, June 13, at Farmington Road and Bayberry Road in the Township in which a youngster was seriously injured.

Gerome Koscielniak, 10, of 3805 15 Mile Road was riding his bike east on Bayberry and passed a car stopped at the Farmington Road intersection as another car headed south on Farmington Road, a 3 m. in front of him. The boy ran into the side of the car, driven by wonderland.

Michigan is the vacation wonderland. Bordered by four of the Great Lakes and containing more than 11,000 inland lakes, 19 million acres of forests, 63 state parks and major recreation areas, more winter sports centers than any other state—all set in some of the most magnificent scenery in the world—Michigan is truly a winter wonderland and a winter wonderland.
