JUDGE MAX HULETT

Veteran Public Official Judge Max Hulett Retires

Max Hulett retired on January 1, as the City of Farmington Associate Municipal Judge, which office he has held since the effective date of the present City Charter, May 21, 1952.

He has been serving in his official capacity throughout the past month of December. Immediately prior to his becoming the first Associate City Judge, he served for many years as one of the Justices of the Peace of the City.

He also was a member of the City Council for some period of time. It was during this tenure of office that the Police Department was organized under his supervision and Joseph De-Vriendt was appointed the first Chief of Police.

THE JUDGE ALSO while a member of the Council had charge of the Fire Department, drafted the traffic Ordinance and served as Chairman of the Board of Appeals on Zoning.

The Judge was born in the City of Detroit on July 9, 1885, in the family home on Theodore just east of John R Street, close to what is known as the Art Center. He remembers the horse and buggy days, when even the City street cars running on steel rails were drawn by horses. In his early childhood the Grand Boulevard was the north City limits and Grand River from the Boulevard out through Farmington was a Toll Road called the Plank Road, as it was constructed of wide heavy planks laid together transversely. As he recalls the first toll gate was just north of the Boulevard and the last one

was west of Farmington near Halsted Road. He attended the Detroit Grade Schools, graduating from the old Central High, at the corner of Cass and Warren Avenue, now a part of the Wayne State University, entering the University of Michigan upon a six-year combined course then called Lit-Law.

He received his Literary Degree in June 1909, thereafter, completed his law studies and was admitted to practice by the Supreme Court in 1911.

He holds a Certificate of Membership in The Eminent Club of the Alumni Association of The University of Michigan, granted him in recognition of his attendance in June, 1959, for the 50th reunion of his Class and the Judge takes great pride in wearing the small insignia of club membership.

He is also proud of the Fifty Year Certificate given him at the 1961 Annual Meeting of The State Bar of Michigan, according him recognition in honor of having completed 50 years of continuous service as an Attorney and Counselor at Law.

JUDGE HULETT moved from Detroit to Farmington in the Fall of 1934 and has resided here since. He says that at the time he felt as though he were coming back home as both his father and mother were born in Oakland County, his father in Milford and his mother in Novi Township.

When his father was a young boy the family moved to the Village of Novi, where The Judge's grandfather carried on his trade as a wagonmaker for many years.

After practicing his profession in the City of Detroit for upwards of 30 years, he moved his office to Farmington, occupying the basement of the Farmington State Bank Bldg. In 1946 he purchased the old American Legion Building on Grand River Avenue across the street from the Methodist Church, remodeling the upper and lower floors into offices. Just prior to this time Sylvester J. Phenoxy, now our newly elected Municipal Judge, joined him in his law practice, a partnership being formed under the name of Hulett & Phenoxy.

The firm moved into the new offices, occupying the lower floor and carried on the partnership business for approximately 10 years.

Judge Hulett then desiring to have more leisure time to devote to his personal affairs and other activities, withdrew from the firm, turning the business over to Judge Phenoxy.

THE JUDGE STILL does a very limited amount of legal work, enough perhaps, so he can conscientiously say that he is in his 57th year of active law practice.

He says he does not like to use the word retire. However, when his term as Associate Municipal Judge was nearing its end, he made up his mind to step aside in order that a younger man might have the opportunity to occupy the place and, therefore, he did not present his name for re-election.

Judge Hulett's home at 33601 Shiawassee Avenue is over 100 years old and one of the community's original homes. When the Hulett's purchased the home some 25 years ago, they completely renovated it and furnished it with many antiques. The Judge plans to carry on his limited law practice from an office in the home.

DETROIT EDISON SERVES

Detroit Edison and the individual men and women who make up the company participate in a wide variety of educational, social and civic affairs.

It is a common practice for Edison employees to serve during business hours, and in what would otherwise be their leisure time. They are on boards of education, act as special instructors and visiting lecturers in many schools, accept appointive and elective offices. They are active in churchwork and charities.

Many of our engineers, staff and management people serve at state, national and international levels—in the development, for example, of electric power facilities and systems overseas.

Our company has a broad program of educational assistance. There are grants to Michigan schools of higher learning; scholarships—44 of them currently—for deserving students; the support of science fairs; the sending of student delegates and teachers to conferences on peaceful atomic development.

In the belief that good government depends upon the willingness of all to accept the responsibilities of citizenship, the company also has a non-partisan program of political education for interested employees.

The taxes Edison pays help build and maintain essential community services, schools and colleges. During 1962, for example, the company paid \$67-million in taxes to federal, state and more than 400 local governments. In many areas of southeastern Michigan, Edison is the largest single taxpayer.

We like to give our support in these many ways, by engaging in and encouraging others to participate in community work for the good of everyone.

Sincerely,

Walker L. Cisler
