News From Briar Hill
JAN PATTERSON 626-6283

John Hopkins has returned from a two weeks stay at Camp Ohyesa. He would like to go again next year.

Denny Pattison had a wonderful time, a short while ago, when she had a visit from her sister and her four children. There was three or four years worth of chatter compressed into a short but welcome visit. The Moykases, whose house was five to six months late being finished, have finally been able to move back to Briar Hill.

Pat and Margaret Lupia gave a couple of parties for Pat, Jr. who is home on leave. The first one was for a gang of Pat's friends. A group of about fifty young people gathered for this party. The next party enabled friends and neighbors to congratulate Pat for graduating as well as with all the children rented a cottage at Oyster Bay on Long Island, New York. They visited the World's Fair, the Statue of Liberty, and because it was sailing day, they were allowed aboard The Queen Mary and The France for a tour. On the way east, the Emmetts and the Jajichs stopped for the night at N. Tonawanda. This is Betty's mother's home. Coming back to Briar Hill, the Emmetts stopped at Cooperstown to see the Baseball Hall of Fame.

Meanwhile, Olga, Milo, and the kids visited West Point. The last stop for both families was Niagara Falls.

RUTH AND STAN Steiner took their family on a three weeks vacation out west. On their way they made a stop in Springfield, Illinois to see Lincoln's home. They saw the Acoma Indian Reservation located at a 350-foot mesa. These Indians produce pottery which is well known. The Grand Canyon was an awe-inspiring sight guaranteed to impress everyone. They saw Scott's Berry Farm along with the ghost town Old Calico, which is being restored by the Knott family. The Steiners saw many friends, living around southern California. A visit to Disneyland was lots of fun. All of them enjoyed visiting Zion and Bryce Canyon National Parks. Another very interesting place they saw was Dinosaur National Monument. Here a building has been put up over the area being excavated, to ensure the Dinosaur bones.

Kendallwood Swim Club competed against the Lathrup Village Swim Club on July 30. The relay team on which Patty Elvig was swimming came in second.

Rick Braunreuther came in first in the event in which he swam during the meet between Woodbrooke Hills and Cranbrook.

Donnie Steiner ran through a plate glass door on July 30. His left leg was slashed and he had some bits of glass in his knee. There were also some cuts in his right foot and left hand. Dr. Parente had to use between 150-200 stitches in Donnie. The Steiners had a lot of friends arrive from Connecticut for a visit. They were all having a bar-b-que outside when Donnie's accident happened.

Mr. and Mrs. Walter Kreuter and their son Stephen of 23788 Lilac just returned from an interesting and relaxing two weeks in the Great Smokies. They stayed in Gatlinburg, where the weather was cool and comfortable all during our severe heat wave. They visited the peak from which, on a clear day, you can see four States. They visited the Cherokee Indian town just over the line in North Carolina, and the Wild West village and exhibition at a Train Robbery, which they say gives you quite a thrill, even including an attack on the train by Indians. At some of the Camping sites near town, Bear would be seen ambling near.

Mr. and Mrs. Wilburn Everhart became grandparents, last Wednesday, July 29, when Frederick Shaefer was born to Mr. and Mrs. Irvin Shaefer. He weighed in at seven pounds and three ounces. The paternal grandparents reside in South Lyon. Mr. and Mrs. Everhart reside at 22437 Lilac.

A FAMILY reunion was held Sunday, August 2, at the home of Mr. and Mrs. Louis White of 2414 Violet. Present were Mrs. White's sisters, Mr. and Mrs. Marian Polczynski of Wyandotte and Mr. and Mrs. Orval Stokley of Southgate; Mr. and Mrs. William Bennett of Taylor, Michigan; Mr. and Mrs. Frank Murgan from Detroit; Mr. and Mrs. John Moyer and daughter Linda from Lincoln Park; Mr. and Mrs. Terry Dees and daughter Sherry from Novi (Sherry is the granddaughter of Mr. and Mrs. White); and Ray Vandervell of Farmington.

Mr. and Mrs. Walter Niehiser of 22449 Lilac just returned from a week's vacation at Oscoda, Michigan. It was a completely relaxing week, with swimming and sunning on the beach the main theme. The weather was perfect after the first couple of days.

Since 1950, the death rate from high blood pressure and hypertensive heart disease has dropped 47 per cent among women 45 to 64; 45 per cent among men of the same age group, the Michigan Heart Association says.
